Africa and the Shaping of International Human Rights Derrick M. Nault,2020-12-17 Africa throughout its postcolonial history has been plagued by human rights abuses ranging from intolerance of political dissent to heinous crimes such as genocide Some observers consequently have gone so far as to suggest that human rights are a

concept alien to African cultures The International Criminal Court ICC s focus on Africa in recent years has reinforced the region s reputation as a hotspot for human rights violations But despite Africa s notoriety concerning human rights Africa and the Shaping of International Human Rights argues that the continent has been pivotal in helping to shape contemporary human rights norms and practices Challenging prevailing Eurocentric interpretations of human rights origins and evolution it demonstrates that from the colonial era to the present Africa s peoples have drawn attention to and prompted novel ways of thinking about human rights through their encounters with the world at large Beginning with the depredations of King Leopold II in the Congo Free State in the 1880s and ending with the ICC s current activities in Africa it reveals how African events personalities groups and nations have influenced the trajectory of human rights history in intriguing and critical ways in the end enlarging and universalizing a major discourse of our time

Encyclopedia of Multiculturalism, Supplement:

1998 . Mfume, Kweisi-Wyatt v. Strickley ,1998 Shattering the Denial Karen B. Donaldson,2001-05-30 This book has gone to great lengths to reveal through research and practice the possibilities of addressing and reducing racist practices in our schools It features an Antiracist Education Teacher Study that assisted in providing baseline figures of teacher perceptions of racism and demonstrated how teachers can successfully implement antiracist concepts in their classrooms Findings further indicate that such teacher involvement makes a difference in student acceptance and attitude As teachers display enthusiasm for teaching their subject areas multiculturally and having an intolerance for racist behavior many students have shown greater respect and appreciation for their teachers who are willing to expose life s realities Educators in the Teacher Study became role models for their students This role modeling empowered students in positive ways to address issues of racism from the student perspective Dr Donaldson also focuses on shattering the denial of teachers who doubt the existence of racism in schools and who question how student learning is adversely affected by racism She uncovers the difficulty teachers have with coming to grips with the realities of racism In light of these difficulties those who endured became empowered to become better teachers *Decolonizing Therapy* Jennifer Mullan,2023-11-07 A call to action for therapists to politicize their practice through an emotional decolonial lens An essential work that centers colonial and historical trauma in a framework for healing Decolonizing Therapy illuminates that all therapy is and always has been inherently political To better understand the mental health oppression and institutional violence that exists today we must become familiar with the root of disembodiment from our histories homelands and healing practices Only then will readers see how colonial historical and intergenerational legacies have always played a role in the treatment of mental health This book is the emotional companion and guide to decolonization It is an invitation for Eurocentrically trained clinicians to acknowledge privileged and oppressed parts while relearning what we thought we knew Ignoring collective global trauma makes delivering effective therapy impossible not knowing how to interrogate privilege as a therapist client or both makes healing elusive and shying away from understanding how we as professionals may be participating in oppression is

irresponsible **Assessing Multiculturalism in Global Comparative Perspective** Yasmeen Abu-Laban, Alain-G Gagnon, Arjun Tremblay, 2022-12-30 In *Assessing Multiculturalism in Global Comparative Perspective* a group of leading scholars come together in a multidisciplinary collection to assess multiculturalism through an international comparative perspective. Multiculturalism today faces challenges like never before through the concurrent rise of populism and white supremacist groups and contemporary social movements mobilizing around alternative ideas of decolonization, anti-racism, and national self-determination. Taking these challenges head-on and with the backdrop that the term multiculturalism originated in Canada before going global, this collection of chapters presents a global comparative view of multiculturalism through both empirical and normative perspectives with the overarching aim of comprehending multiculturalism's promise, limitations, contemporary challenges, trajectory, and possible futures. Collectively, the chapters provide the basis for a critical assessment of multiculturalism's first 50 years as well as vital insight into whether multiculturalism is best equipped to meet the distinct challenges characterizing this juncture of the 21st century. With coverage including the Americas, Europe, Oceania, Africa, and Asia, and thematic coverage of citizenship, religion, security, gender, Black Lives Matter, and the post-pandemic order, *Assessing Multiculturalism in Global Comparative Perspective* presents a comprehensively global collection that is indispensable reading for scholars and students of diversity in the 21st century.
