## **Taking Back Our Schools A Manual For Parents:**

*Taking Back Our Schools* Paul Ferrini,1999 This book is written for parents who are concerned about the education of their children It presents a simple idea that could transform the school system in this country and around the world The Wisdom of the Self Paul Ferrini,1992 Explores our authentic experience and our journey to wholeness **The Bridge to Reality** Paul Ferrini,1990 A heart centred approach to A Course in Miracles and the process of inner healing Sharing his experiences of spiritual awakening Paul emphasises self acceptance and forgiveness as cornerstones of spiritual practice Presented with beautiful photos this book conveys the essence of The Course as it is lived in daily life *The Silence of the Heart* Paul Ferrini,1996 A powerful sequel to Love Without Conditions John Bradshaw says with deep insight and sparkling clarity this book demonstrates that the roots of all abuse are to be found in our own self betrayal Paul Ferrini leads us skilfully and courageously beyond shame blame and attachment to our wounds into the depths of self forgiveness a must read for all people who are ready to take responsibility for their own healing *Creating a Spiritual Relationship* Paul Ferrini,1998 This book is designed for people who are either in a committed relationship or want to be A committed relationship is one path toward spiritual growth and transformation It is not the only path nor is it a very easy path The seven spiritual laws discussed in Part Two of this book provide a roadmap for couples who are committed to their mutual spiritual growth This simple but profound guide to growth and happiness for couples will help you and your partner weather the ups and downs of your relationship so that you can grow together and deepen the intimacy between you *Living in the Heart* Paul Ferrini,1998-02 The definitive book on the Affinity Process Now you can learn how to hold a safe loving non judgmental space for yourself and others which will enable you to open your heart and move through your fears If you are a serious student of the Christ Mind teachings this book is essential for you It will enable you to begin a spiritual practice which will transform your life and the lives of others It will also offer you a way of extending the teachings of love and forgiveness throughout your community **Illuminations on the Road to Nowhere** Paul Ferrini,2001-05 There comes a time for all of us when the outer destinations no longer satisfy and we finally understand that the love and happiness we seek cannot be found outside of us It must be found in our own hearts on the other side of our pain This book makes it clear that we can no longer rely on outer teachers or teachings to find our spiritual identity Nor can we find who we are in relationships where boundaries are blurred and one person makes decisions for another If we want to be authentic we can t allow anyone else to be an authority for us nor can we allow ourselves to be an authority for another person This provocative book challenges many of our basic assumptions about personal happiness and the meaning of our relationship with others and with God Love Without Conditions Paul Ferrini,2021-11-02 The incredible book from Jesus calling us to awaken to our own Christhood Rarely has any book conveyed the teachings of the master in such a simple but profound manner This book will help you to bring your understanding from the head to the heart so that you can model the teachings of love and forgiveness

in your daily life      *Grace Unfolding* Paul Ferrini,1998-02 This book is not about surrender to an outside authority but to an inside one It is about the relinquishment of our ego consciousness our separated states of heart and mind to a greater consciousness to the essence of love which is the source of who we are      The Twelve Steps of Forgiveness Paul Ferrini,2012-11 The Twelve Steps of Forgiveness offers us a process for unlearning our ego based search for perfection and discovering the inner beauty guidance and grace that already exist in our lives It enables us to honor others and establish healthy boundaries that prevent manipulation and co dependency Most importantly it helps us practice forgiveness moment to moment so that we can discover the place of peace within      **Forbidden Fruit** Paul Ferrini,2002 Adam and Eve were not just naughty disobedient children They were created in God s image They had God s desire for creative expression and awareness As long as they remained in the Garden they could not take the next step in their evolution How do you convince a dependent obedient child to leave home especially if there is a comfortable bed and three gourmet meals served every day Adam and Eve weren t going to make a conscious choice to leave the comforts of the Garden The choice had to be made at an unconscious level They were driven by a desire they did not yet understand And so these two archetypal beings began a spiritual journey that would take them from sin to atonement from ignorance to knowledge from denial to responsibility They would have to explore their darkness to find the light They would have to become sinners to discover the blueprint for their redemption They would have to experience the limits of their bodies their minds and the three dimensional world to know that their true nature transcended all this To become God they had to first become human Book jacket      Take Back the Economy J. K. Gibson-Graham,Jenny Cameron,Stephen Healy,2013-05-01 In the wake of economic crisis on a global scale more and more people are reconsidering their role in the economy and wondering what they can do to make it work better for humanity and the planet In this innovative book J K Gibson Graham Jenny Cameron and Stephen Healy contribute complex understandings of economics in practical terms what can we do right now in our own communities to make a difference Full of exercises thinking tools and inspiring examples from around the world Take Back the Economy shows how people can implement small scale changes in their own lives to create ethical economies There is no manifesto here no one prescribed model rather readers are encouraged and taught how to take back the economy in ways appropriate for their own communities and context using what they already have at hand Take Back the Economy dismantles the idea that the economy is separate from us and best comprehended by experts Instead the authors demonstrate that the economy is the outcome of the decisions and efforts we make every day The economy is thus reframed as a space of ethical action something we can shape and alter according to what is best for the well being of people and the planet The book explores what people are already doing to build ethical economies presenting these deeds as mutual concerns What is necessary for survival and what do we do with the surplus produced beyond what will fulfill basic needs What do we consume and how do we preserve and replenish the commons those resources that can be shared to maintain all And finally how can we invest in a future worth

living in Suitable for activists and students alike Take Back the Economy will be of interest to anyone seeking a more just sustainable and equitable world

**Dancing with the Beloved** Paul Ferrini, 2001 Romance may open the door to love but it does not help us walk through it Something else is needed Something deeper Something ultimately more real Challenging times must be weathered Love must be strengthened beyond neediness and self interest It must die a thousand deaths to learn to rise like the phoenix beyond adversity of any kind Love is not a fragile shiny thing kept separate from the pain and misery of life It is born of our willingness to learn from our mistakes and encounter the depth of our pain as well as our partner's pain That is the way it is In time we learn that all pain is the same pain And we have compassion for the other people who inadvertently step on our toes as they learn to find the inner rhythms of the dance Like us they will stumble and fall hundreds of times until that moment of profound acceptance when grace comes and the beloved takes their hand in the circle

The Education Wars Jennifer C. Berkshire, Jack Schneider, 2024-07-02 A perfectly timed book for the educational resistance those of us who believe in public schools Culture wars have engulfed our schools Extremist groups are seeking to ban books limit what educators can teach and threaten the very foundations of public education What's behind these efforts Why are our schools suddenly so vulnerable And how can the millions of Americans who love their public schools fight back In this concise hard hitting guide journalist Jennifer C Berkshire and education scholar Jack Schneider answer these questions and chart a way forward The Education Wars explains the sudden obsession with race and gender in schools as well as the ascendancy of book banning efforts It offers a clear analysis of school vouchers and the impact they'll have on school finances It deciphers the movement for parents rights explaining the rights that students and taxpayers also have And it reveals how the ostensible pursuit of religious freedom opens the door to discrimination against vulnerable children Berkshire and Schneider outline the core issues driving the education wars offering essential information about issues actors and potential outcomes In so doing they lay out what is at stake for parents teachers and students and provide a road map for ensuring that public education survives this present assault A book that will enrage and enlighten the millions of citizens who believe in their public schools here is a long overdue handbook and guide to action

**IJER Vol 2-N4** International Journal of Educational Reform, 1993-10-01 The mission of the International Journal of Educational Reform IJER is to keep readers up to date with worldwide developments in education reform by providing scholarly information and practical analysis from recognized international authorities As the only peer reviewed scholarly publication that combines authors voices without regard for the political affiliations perspectives or research methodologies IJER provides readers with a balanced view of all sides of the political and educational mainstream To this end IJER includes but is not limited to inquiry based and opinion pieces on developments in such areas as policy administration curriculum instruction law and research IJER should thus be of interest to professional educators with decision making roles and policymakers at all levels turn since it provides a broad based conversation between and among policymakers practitioners and academicians about reform goals objectives and

methods for success throughout the world Readers can call on IJER to learn from an international group of reform implementers by discovering what they can do that has actually worked IJER can also help readers to understand the pitfalls of current reforms in order to avoid making similar mistakes Finally it is the mission of IJER to help readers to learn about key issues in school reform from movers and shakers who help to study and shape the power base directing educational reform in the U S and the world Cases Decided in the Court of Session, Court of Justiciary, and House of Lords Scotland.
