Committee on Military Affairs,1935 **Crime in Progress** Glenn Simpson,Peter Fritsch,2019-11-26 1 NEW YORK TIMES BESTSELLER I ve read kind of all the books on this subject and this is the one you want to read Rachel Maddow Before Ukraine before impeachment This is the never before told inside story of the high stakes four year long investigation into Donald Trump s Russia ties culminating in the Steele dossier and sparking the Mueller report from the founders of political opposition research company Fusion GPS Fusion GPS was founded in 2010 by Glenn Simpson and Peter Fritsch two former reporters at The Wall Street Journal who decided to abandon the struggling news business and use their reporting skills to conduct open source investigations for businesses and law firms and opposition research for political candidates In the fall of 2015 they were hired to look into the finances of Donald Trump What began as a march through a mind boggling trove of lawsuits bankruptcies and sketchy overseas projects soon took a darker turn The deeper Fusion dug the more it began to notice names that Simpson and Fritsch had come across during their

days covering Russian corruption and the clearer it became that the focus of Fusion's research going forward would be Trump's entanglements with Russia To help them make sense of what they were seeing Simpson and Fritsch engaged the services of a former British intelligence agent and Russia expert named Christopher Steele He would produce a series of memos which collectively became known as the Steele dossier that raised deeply alarming questions about the nature of Trump's ties to a hostile foreign power Those memos made their way to U.S. intelligence agencies and then to President Barack Obama and President elect Trump On January 10 2017 the Steele dossier broke into public view and the Trump Russia story reached escape velocity At the time Fusion GPS was just a ten person consulting firm tucked away above a Starbucks near Dupont Circle but it would soon be thrust into the center of the biggest news story on the planet a story that would lead to accusations of witch hunts a relentless campaign of persecution by congressional Republicans bizarre conspiracy theories lawsuits by Russian oligarchs and the Mueller report In Crime in Progress Simpson and Fritsch tell their story for the first time a tale of the high stakes pursuit of one of the biggest most important stories of our time no matter the costs

Taking the PYP Forward Simon Davidson, Steven Carber, 2009 The International Baccalaureate Primary Years Programme stands in a proud tradition of reflective educators incorporating best practice into international schools. For the PYP to maintain relevance in education today, inquiry has to be rethought, refreshed, and reapplied. Taking the PYP Forward does exactly that: raising many questions and recognising the new challenges facing educators, this collaborative work brings together voices from both within and outside of the PYP. Intending to broaden our view of inquiry and circulate fresh thinking about the relevance of the PYP for all areas of learning, this is an essential contribution.
