Book University Journal, 1974 *Tales From Shrimad Bhagavata Of Veda Vyasa* S.C Narula, 2003-06-01 Vyasa wrote Shrimad Bhagavata after he had finished composing the Mahabharata It is in ninth canto Navama Skandha of Bhagavata that some interesting anecdotes are included These anecdotes retold here bring to light a complex web of human characters situations and emotions The subtle development of the human element makes these characters their motivations and circumstances relevant to all times **General Catalogue of Printed Books to 1955** British Museum. Dept. of Printed Books, 1967 **International Books in Print**, 1991 Bhakti and Embodiment Barbara A. Holdrege, 2015-08-14 The historical shift from Vedic traditions to post Vedic bhakti devotional traditions is accompanied by a shift from abstract translocal notions of divinity to particularized localized notions of divinity and a corresponding shift from aniconic traditions and from temporary sacrificial arenas to established temple sites In *Bhakti and Embodiment* Barbara Holdrege argues that the various transformations that characterize this historical shift are a direct consequence of newly emerging discourses of the body in bhakti traditions in which constructions of divine embodiment proliferate celebrating the notion that a deity while remaining translocal can appear in manifold corporeal forms in different times and different localities on different planes of existence Holdrege suggests that an exploration of the connections between bhakti and embodiment is critical not only to illuminating the distinctive transformations that characterize the emergence of bhakti traditions but also to understanding the myriad forms that bhakti has historically assumed up to the present time This study is concerned more specifically with the multileveled models of embodiment and systems of bodily practices through which divine bodies and devotional bodies are fashioned in Krsna bhakti traditions and focuses in particular on two case studies the Bhagavata Purana the consummate textual monument to Vaisnava bhakti which expresses a distinctive form of passionate and ecstatic bhakti that is distinguished by its embodied nature and the Gaudiya Vaisnava tradition an important bhakti tradition inspired by the Bengali leader Caitanya in the sixteenth century which articulates a robust discourse of embodiment pertaining to the
