Each of us has felt the energy shift as the planet transitions into the fifth dimension We have felt time speed up and felt energies that are at times so chaotic and unpredictable that we have been thrown off our usual course Some of us have been rocked to our very core We are asking ourselves what is this and why is this happening We each have chosen to come to earth during this time of great transition We are all here sharing our lives with each other helping Mother Earth move into the Golden Age the spiritual Age of Aquarius This transition will complete on the date that the Mayan civilization predicted some 26 000 years ago December 21st 2012 There is much work to be done as we realize the need for the shift that must occur in our personal lives so that we can be in sync with the new fifth dimensional energy on this planet As our world resets itself so too must we reset ourselves What this means to each of us is that it is time to understand the meaning of how to live more fully in the fifth dimension Each of us must identify where we currently stand and where we need to go in order to experience the wonderment of fifth dimensional living Why Many of us may be existing as a two or a three dimensional person The energies that sustain those dimensions no longer exist on this planet So the old ways of thinking or operating that produced success at one time no longer exist It is now necessary for us if we are to exist in harmony with our planet to transition as well If we choose not to transition then frustration and anger will become paramount in our lives The choice is up to us To live in the fifth dimension is not only to experience the energy of magic and miracles but to learn that we can create all the perfection we desire in our lives by simply shifting our thinking into fifth dimensional thinking We are able to see the perfection where formerly we saw the illusion of imperfection This new vantage point allows us to become the center of our own reality and easily navigate through difficult individuals and challenging events while maintaining a state of balance and harmony We are then able to turn possibilities into probabilities and probabilities into actualities This journey begins with describing and identifying all of the unseen but certainly not unfelt influences in our lives that have been given to each of us to help us live our life on earth in the best and easiest manner possible Each reader will be able to identify their birthright gift as well as the other gifts available to tap into and expand one's energy thereby allowing this innate knowledge to grow and develop All of the necessary techniques and tools are explained in detail in this book so that you can easily make the transition from your current dimension into the fifth dimension allowing you to create a new future You are able to learn and make friends with each of your bodies of consciousness and their respective inner child and together you begin a journey

of healing You as parent of these inner children learn how to set the stage and the rules so that everyone is playing by the same playbook You learn that you may win as a team or you may lose as a team but you are all on the same team working together to achieve that balance that allows you to maintain your newly found center By removing fears one by one each of us can transition from a place of fear into a place of love learning to live from the heart As we work towards this goal we isolate and identify the negative emotions that have been growing and harvesting within These negative emotions equate disease This book is your guide to help acknowledge these fears recognize and release them one by one creating a new you a lighter you We then experience a new energy a more evolved energy a higher vibrating energy as we invite the energy of excellent health and balance into our bodies It is here that **The Lore of the Bard** Arthur Rowan,2003 The only book available on the complete practice of the Celtic bard this title is designed for anyone drawn to the enchantment of Celtic music myth and poetry Celtic Mythology Ward Rutherford,2015-05-01 This is a lively and absorbing account of the world of Celtic myth and the role it has played in the development of western culture Included here are The world of the Celts including an historical overview from their emergence as an identifiable people around 1000 B C Also included is an exploration of their social structure The contents of Celtic myths and the differences and similarities between their manifestation in Britain and Ireland The topography of the supernatural world of Celtic myth including discussion of Druidism Shamanism and the meaning of Celtic myths The influence of Celtic myth in English literature from Arthurian legend to the Grail legends This highly literate lively and absorbing exploration of one of the jewels of European cultural heritage demonstrates how deeply Celtic mythology has become embedded in Western consciousness It is for anyone interested in history mythology spirituality and culture **KING ARTHUR: 10 Books of Myths & Tales about the Legendary King of Camelot, The Excalibur, Merlin, Holy Grail Quest, Sir Lancelot & The Brave Knights of the Round Table** Thomas Malory,Alfred Tennyson,Maude L.
