Tales of the West, by the author of 'Letters from the East'. John Carne,1828 *Japanese Tales* Royall Tyler,2012-08-22 Two hundred and twenty tales from medieval Japan tales that welcome us into a fabulous faraway world populated by saints scoundrels ghosts magical healers and a vast assortment of deities and demons Stories of miracles visions of hell jokes fables and legends these tales reflect the Japanese civilization They ably balance the lyrical and the dramatic the ribald and the profound offering a window into a long vanished culture With black and white illustrations throughout Part of the Pantheon Fairy Tale and Folklore Library *Fairy Tales from East and West* ,1977 *Transactions* ,1879 *A Reader's Companion to the Short Story in English* Erin Fallon,R.C. Feddersen,James Kurtzleben,Maurice A. Lee,Susan Rochette-Crawley,2013-10-31 Although the short story has existed in various forms for centuries it has particularly flourished during the last hundred years Reader s Companion to the Short Story in English includes alphabetically arranged entries for 50 English language short story writers from around the world Most of these writers have been active since 1960 and they reflect a wide range of experiences and perspectives in their works Each entry is written by an expert contributor and includes biography a review of existing criticism a lengthier analysis of specific works and a selected bibliography of primary and secondary sources The volume begins with a detailed introduction to the short story genre and concludes with an annotated bibliography of major works on short story theory *Empire and Politics in the Eastern and Western Civilizations* Andrea Balbo,Jaewon Ahn,Kihoon Kim,2022-08-22 The volume includes the proceedings of the 2nd Roma Sinica project conference held in Seoul in September 2019 and aims to compare some features of the ancient political thought in the Western classical tradition and in the Eastern ancient thought The contributors coming from Korea Europe USA China Japan propose new patterns of interpretation of the mutual interactions and proximities between these two cultural worlds and offer also a perspective of continuity between contemporary and ancient political thought Therefore this book is a reference place in the context of the comparative research between Roman and early Greek thought and Eastern thought Researchers interested in Cicero Seneca Plato post Platonic and post Aristotelic philosophical schools history ancient Roman and Chinese languages could find interesting materials in this work *Salman Rushdie and Translation* Jenni Ramone,2013-09-12 Salman Rushdie s writing is engaged with translation in many ways translator figures tell and retell stories in his novels while acts of translation are catalysts for climactic events Covering his major novels as well as his often neglected short stories and writing for children *Salman Rushdie and Translation* explores the role of translation in Rushdie s work In this book Jenni Ramone draws on contemporary translation theory to analyse the part translation plays in Rushdie s appropriation of historical and contemporary Indian narratives of independence and migration **Tales of Times Now Past** Marian Ury,2020-08-06 *Tales of Times Now Past* is a translation of 62 outstanding tales freshly selected from *Konjaku monogatari shu* a Japanese anthology dating from the early twelfth century The original work unique in world literature

contains more than one thousand systematically arranged tales from India China and Japan It is the most important example of a genre of collections of brief tales which because of their informality and unpretentious style were neglected by Japanese critics until recent years but which are now acknowledged to be among the most significant prose literature of premodern Japan Konjaku in particular has aroused the enthusiasm of such leading 20th century writers as Akutagawa Ryunosuke and Tanizaki Jun ichiro The stories with sources in both traditional lore and contemporary gossip cover an astonishing range homiletic sentimental terrifying practical minded humorous ribald Their topics include the life of the Buddha descriptions of Heaven and Hell feats of warriors craftsmen and musicians unsuspected vice virtue and ingenuity and the ways and wiles of bandits ogres and proverbially greedy provincial governors to name just a few Composed perhaps a century after the refined allusive aristocratic Tale of Genji Konjaku represents a masculine outlook and comparatively plebeian social orientation standing in piquant contrast to the earlier masterpiece The unknown compiler was interested less in exploring psychological subtleties than in presenting vivid portraits of human foibles and eccentricities The stories in the present selection have been chosen to provide an idea of the scope and structure of the book as a whole and also for their appeal to the modern reader And the translation is based on the premise that the most faithful rendering is also the liveliest
