Tales Of Henry James 1875 1879:

The Tales of Henry James: 1875-1879 Henry James, 1973 *The Classic Short Story, 1870-1925* Florence Goyet, 2014-01-13 The ability to construct a nuanced narrative or complex character in the constrained form of the short story has sometimes been seen as the ultimate test of an author's creativity Yet during the time when the short story was at its most popular the late nineteenth and early twentieth centuries even the greatest writers followed strict generic conventions that were far from subtle This expanded and updated translation of Florence Goyet's influential *La Nouvelle* 1870 1925 *Description d'un genre son apogée* Paris 1993 is the only study to focus exclusively on this classic period across different continents Ranging through French English Italian Russian and Japanese writing particularly the stories of Guy de Maupassant Henry James Giovanni Verga Anton Chekhov and Akutagawa Ryunosuke Goyet shows that these authors were able to create brilliant and successful short stories using the very simple tools of brevity of that period In this challenging and far reaching study Goyet looks at classic short stories in the context in which they were read at the time cheap newspapers and higher end periodicals She demonstrates that despite the apparent intention of these stories to question bourgeois ideals they mostly affirmed the prejudices of their readers In doing so her book forces us to re think our preconceptions about this forgotten genre

Henry James Goes to the Movies Susan M. Griffin, 2014-10-17 Why has a nineteenth century author with an elitist reputation proved so popular with directors as varied as William Wyler François Truffaut and James Ivory A partial answer lies in the way many of Henry James's recurring themes still haunt us the workings of power the position of women in society the complexities of sexuality and desire Susan Griffin has assembled fifteen of the world's foremost authorities on Henry James to examine both the impact of James on film and the impact of film on James Anthony Mazella traces the various adaptations of The Turn of the Screw from novel to play to opera to film Peggy McCormack examines the ways the personal lives of Peter Bogdanovich and then girlfriend Cybill Shepherd influenced critical reaction to Daisy Miller 1974 Leland Person points out the consequences of casting Christopher Reeve then better known as Superman in The Bostonians 1984 during the conservative political context of the first Reagan presidency Nancy Bentley defends Jane Campion's anachronistic reading of Portrait of a Lady 1996 as being more authentic than the more common period costume dramas Dale Bauer observes James's influence on such films as Next Stop Wonderland 1998 and Notting Hill 1999 Marc Bousquet explores the ways Wings of the Dove 1997 addresses the economic and cultural situations of Gen X viewers Other fascinating essays as well as a complete filmography and bibliography of work on James and film round out the collection

letters record Henry James's establishment as one of the preeminent professional writers in Britain and the United States and follow James's return journeys to the United States following the deaths of his parents. This volume concludes with James's assumption of his role as the executor of his father's will and thus the de facto head of the family. **The Book of the Short Story** Alexander Jessup, Henry Seidel Canby, Robeson Bailey, 1903 [Complete Stories, 1874-1884](#) Henry James, 1999 Collection of short stories by the author of *Daisy Miller* and *The Turn of the Screw* **Henry James: Complete Stories Vol. 1 1864-1874 (LOA #111)** Henry James, 1999-08-30 A dignified and impressive addition to your bookshelf that reveals James's virtuoso performance in a genre he helped to define, refine, and elevate. *The Commercial Appeal*. This Library of America volume, the first of five of Henry James's short fiction, brings together his first twenty-four published stories, thirteen never collected by James. Encompassing a wide range of subjects, settings, and formal techniques, they show the first explorations of some of James's most significant themes: the force of social convention and the compromises it demands; the complex and often ambiguous encounter between Europe and America; the energies of passion measured against the rigors of artistic discipline. By his mid-twenties, James was a regular contributor to the most prestigious and popular magazines of his era. He is equally at ease writing historical tales such as *Gabrielle de Bergerac*, a love story set in pre-Revolutionary France, as he is exploring contemporary events as in the three stories that treat the effects of the American Civil War on civilians. James's psychological acuity is already evident in *Master Eustace*, a study of the ruthlessness of a spoiled child, and in *Guest's Confession*, where the comic portrayal of an arrogant businessman hints at his cruelty and self-absorption. In *The Romance of Certain Old Clothes* and *The Last of the Valerii*, James begins to work with the supernatural and fantastic motifs that would continue to surface in his work. Early examples of James's lifelong fascination with art and artists include *A Landscape Painter*, about a young painter's attraction to a seemingly simple family living in a desolate coastal town, and *The Madonna of the Future*, where an aging artist avoids the unveiling of his masterpiece. Adumbrating later triumphs and compelling in their own right, these stories reveal and accomplished and cosmopolitan young talent mastering the art of the short story. [Henry James as a Biographer](#) Willie Tolliver, 2014-02-04 This study of Henry James's biographies of Nathaniel Hawthorne and William Wetmore Story offers an argument that he deserves greater recognition for his contributions to the development of biography based on his implicit theory of biography found in his critical commentary and on these two complicated and ultimately artistically innovative performances in the genre. Although James maintained an ambivalent relationship to the art of biography in his reviews, criticism, letters, and fiction, he wrote about biography from a core of aesthetic conviction that constitutes an informal

poetics It is necessary thus to scrutinize the ways in which James's theoretical convictions particularly his insistence on artistic unity fail him when he writes two biographies himself Both Hawthorne 1879 and William Wetmore Story and His Friends 1903 fail to cohere in the way traditional biographies achieve unity Neither work has at its center a dynamic and fully dimensional apprehension of the biographical subject Instead James violates one of his own essential biographical tenets He usurps his subject and places himself at the center of what should be a narrative of his subject's life The results fall short of fully achieved biography but they do not fall short of literary interest In order to write these books according to his own genius James had to reinvent the form They are rife with innovations chief among them his great experimentation with narrative point of view here brought to bear on biography This concept and others survey the terrain for the important biographical practitioners and theorists who follow him For this reason a special place must be found for James in pantheon of experimental biographers A Companion to American Fiction, 1865 - 1914 Robert Paul Lamb, G. Aviva Briefel, 2018-07-05 The nineteenth century witnessed an unprecedented increase in art forgery caused both by the advent of national museums and by a rapidly growing bourgeois interest in collecting objects from the past This rise had profound repercussions on notions of selfhood and national identity within and outside the realm of art Although art critics denounced forgery for its affront to artistic traditions they were fascinated by its power to shape the human and object worlds and adopted a language of art forgery to articulate a link between the making of fakes and the making of selves The Deceivers explores the intersections among artistic crime literary narrative and the definition of identity Literary texts joined more specialized artistic discourses in describing the various identities associated with art forgery the forger the copyist the art expert the dealer the restorer Built into new characters were assumptions about gender sexuality race and nationality that themselves would come to be presented in a language of artistic authenticity Aviva Briefel places special emphasis on

the gendered distinction between male forgers and female copyists Copying a benign occupation when undertaken by a woman became forgery laden with criminal intent when performed by men Those who could successfully produce handle or detect spurious things and selves were distinguished from others who were incapable of distinguishing the authentic from the artistic and human forgeries Through close reading of literary narratives such as *Trilby* and *The Marble Faun* as well as newspaper accounts of forgery scandals *The Deceivers* reveals the identities both authentic and fake that emerged from the Victorian culture of forgery
