Missionary Stories and the Formation of the Syriac Churches Jeanne-Nicole Mellon Saint-Laurent, 2015-06-19 Missionary Stories and the Formation of the Syriac Churches analyzes the hagiographic traditions of seven missionary saints in the Syriac heritage during late antiquity Thomas Addai Mari John of Ephesus Simeon of Beth Arsham Jacob Baradaeus and Ahudemme Jeanne Nicole Mellon Saint Laurent studies a body of legends about the missionaries voyages in the Syrian Orient to illustrate their shared symbols and motifs Revealing how these texts encapsulated the concerns of the communities that produced them she draws attention to the role of hagiography as a malleable genre that was well suited for the idealized presentation of the beginnings of Christian communities Hagiographers through their reworking of missionary themes asserted autonomy orthodoxy and apostolicity for their individual civic and monastic communities positioning themselves in relationship to the rulers of their empires and to competing forms of Christianity Saint Laurent argues that missionary hagiography is an important and neglected source for understanding the development of the East and West Syriac ecclesiastical bodies the Syrian Orthodox Church and the Church of the East Given that many of these Syriac speaking churches remain today in the Middle East and India with diaspora communities in Europe and North America this work opens the door for further study of the role of saints and stories as symbolic links between ancient and modern traditions

Children's Books in Print, 2007, 2006 Iran and the West Margaux Whiskin, David Bagot, 2018-04-27 Since the age of the Sasanian Empire 224 651 AD Iran and the West have time and again appeared to be at odds Iran and the West charts this contentious and complex relationship by examining the myriad ways the two have perceived each other from antiquity to today Across disciplines perspectives and periods contributors consider literary imagined mythical visual filmic political and historical representations of the other and the ways in which these have been constructed in and often in spite of their specific historical contexts Many of these narratives for example have their origin in

the ancient world but have since been altered recycled and manipulated to fit a particular agenda Ranging from Tacitus Leonidas and Xerxes via Shahriar Mandanipour and Azar Nafisi to Rosewater Argo and 300 this inter disciplinary and wide ranging volume is essential reading for anyone working on the complex history present and future of Iranian Western relations Beginning Politics Cosroe Chaquèri,1996 **Tales of Persia** William McElwee Miller,1988 Twenty three stories relating the dangers and the thrills of being a Christian missionary in Muslim Iran *The Oxford Handbook of Christian Fundamentalism* ,2023-10-26 Christian fundamentalism is a significant global movement which originally took its name from The Fundamentals a series of booklets defending classic evangelical doctrines published in the 1910s The Oxford Handbook of Christian Fundamentalism traces the roots of fundamentalism from the late nineteenth century and explores the development of the movement up to the present day Since its inception fundamentalism has proved a highly contested category By some the label is recognised as a badge of honour by others a term of abuse This volume does not offer a simple definition of fundamentalism Rather it acknowledges its many interpretative and definitional complexities and allows multiple identities to jostle together under the fundamentalist label The boundaries are porous between fundamentalism and conservative evangelicalism so the Handbook includes analysis of some conservative expressions of Christianity which show fundamentalist characteristics even in groups which refuse to define themselves as fundamentalist The relationship of fundamentalism to Pentecostalism and charismatic renewal is also explored in detail Research led chapters cover significant historical developments key doctrines such as biblical inerrancy creationism and separatism and an extensive range of moral and cultural issues to which the contribution of fundamentalism has been significant including popular music alcohol sport and family life Contributors also chart the evolution of the movement globally far beyond its North Atlantic origins Recognising the prominence of fundamentalism beyond the Church the Handbook explores its contribution to public debates concerning political influence education human genetics civil rights business global warming sexuality Israel and the Middle East the shaping of contemporary culture and much else Christian fundamentalism this Handbook ultimately shows is one of the most significant movements operating in today s world **Persian Narrative Poetry in the Classical Era, 800-1500: Romantic and Didactic Genres** Mohsen Ashtiani,2023-01-12 The third volume in this ground breaking series Persian Narrative Poetry in the Classical Era 800 1500 Romantic and Didactic Genres introduces masterpieces of Persian literature from these seven centuries to an international audience In the process it underlines the remarkable tenacity of their malleable tradition the perennial dialogue and the interconnectedness which binds together a vast and varied literature composed of many threads romantic and didactic in many lands from Anatolia and Iran to India and Central Asia In its companion volume Persian Lyric in the Classical Era 800 1500 the readers of the series will have already met in passing all the mythical and historical figures who appear with far more aplomb on the stage here with their lives narrated in detail by poets of different caliber from different perspectives The first two chapters of this volume recount the literary history of the

entire period focusing on didactic and romantic narratives The central chapters take a closer look at the towering figure of the poet Nez mi Ganjavi The final chapter takes the reader to a wider landscape tracing the footsteps of Alexander across the globe offering insights to the cultural preoccupations refracted in so many versions past and present *Angels Tapping at the Wine-Shop's Door* Rudi Matthee, 2023-04-20 Islam is the only major world religion that resists the juggernaut of alcohol consumption In many Islamic countries alcohol is banned in others it plays little role in social life Yet Muslims throughout history did drink often to excess whether sultans and shahs in their palaces or commoners in taverns run by Jews or Christians This evocative study delves into drinking s many historic literary and social manifestations in Islam going beyond references to hypocrisy or the temptations of forbidden fruit Rudi Matthee argues that alcohol through its absence as much as its presence takes us to the heart of Islam Exploring the long history of this faith from the eighth century Umayyad dynasty to Erdogan s Turkey and from Islamic Spain to modern Pakistan he unearths a tradition of diversity and multiplicity in which Muslims drank and found myriad excuses to do so They celebrated wine and used it as a poetic metaphor even viewing alcohol as a gift from God the key to unlocking eternal truth Drawing on a plethora of sources in multiple languages Matthee presents Islam not as an austere and uncompromising faith but as a set of beliefs and practices that embrace ambivalence allowing for ambiguity and even contradiction **AB Bookman's Weekly** ,1997 **Religious Books and Serials in Print, 1980-1981** ,1980 **Religious Books and Serials in Print** ,1982 **The Trance of Terror** Mordechai Rotenberg, 2006 How do western life oriented democracies understand the threatening suicide bombing phenomenon which Islamic culture nurtures in recent years The Trance of Terror is the first study that scrutinizes the psychological mechanisms that social systems use to create the robotic person who acts in an automatic fashion in the name of one single truth The psychological technique which Rotenberg terms hypnotic mantrism may be identified in various social processes such as praying singing and dancing But it is the ecstatic dimension claims Rotenberg that religious despots often use to inculcate fanatic behavior which may even include suicide bombing Mordechai Rotenberg is a Professor at the Hebrew University of Jerusalem where he taught psychology and religion Among his other books are *Seventy faces of Life* *PaRDeS* and *Psychonarration* and *The Yetzer* His book *Existence in the Secret of Tzintzum* won the Jerusalem Award for Jewish Philosophy **The Heritage of Sufism** Leonard Lewisohn, 1999-12-01 This comprehensive study is unique in its chronological breadth intellectual diversity and historical scope and which demonstrates the central role played by Sufism in persianate culture in Iran Central Asia and India
