February at four minutes and fifty two seconds past four o'clock Eastern Standard Time The event occurred universally at the same instant without regard to time belts and was followed by such phenomena as might be expected after happenings of that nature On a lazy quiet afternoon in the blink of an eye our world shatters into two parallel universes as men vanish from women and women from men After families and loved ones separate from one another life continues in very different ways for men and women boys and girls An explosion of violence sweeps one world that still operates technologically social stability and peace in the other are offset by famine and a widespread breakdown in machinery and science And as we learn from the fascinating parallel stories of a brilliant couple Bill and Paula Gaunt the foundations of relationships love and sex are scrutinized tested and sometimes redefined in both worlds The radically divergent trajectories of the gendered histories reveal stark truths about the rigidly defined expectations placed on men and women and their sexual relationships and make clear how much society depends on interconnection between the sexes Written over a half century ago yet brimming with insight and unsettling in its relevance today *The Disappearance* is a masterpiece of modern speculative fiction

Before Adam Jack London, 2000-01-01 Capitalizing on his recognized ability to understand animals the author of *Call of the Wild* here paints an arresting and dark portrait of how our distant ancestors thought about themselves and their world

Illustrations Map **The Journey of Niels Klim to the World Underground** Ludvig Holberg, 1960-01-01 Fantastic adventures at the center of the earth await a penniless Norwegian student after he plunges into a bottomless hole in a cave Niels Klim discovers worlds within our own exotic civilizations and fabulous creatures scattered across the underside of the earth's crust and at the earth's center a small inhabited planet orbiting around a miniature sun In an epic journey Klim visits countries led by sentient and contemplative trees a kingdom of intelligent apes preoccupied with fashion and change a land whose inhabitants don't speak out of their mouths neighboring countries of birds locked in an eternal war and a land where string basses talk musically to one another Brave inquisitive and greedy Klim faces many challenges the greatest of which are his own temptations *The Journey of Niels Klim to the World Underground* is a classic in speculative fiction and was the first fully realized novel set underground in a hollow earth First published in 1741 it has earned comparisons to Jonathan Swift's contemporaneous fantasy *Gulliver's Travels*

When Worlds Collide Philip Wylie, Edwin Balmer, 1999-10-01 Science fiction roman *Back to the Stone Age* Edgar Rice Burroughs, 2007-06-01 The fifth installment of Edgar Rice Burroughs's Pellucidar series *Back to the Stone Age* recounts the strange adventures of Lieutenant von Horst a member of the original crew that sailed to Pellucidar with Jason Gridley and Tarzan who is left behind in the inner world Von Horst wanders friendless and alone from one danger to the next among the Stone Age peoples mighty reptiles and huge animals that have been extinct on the outer crust for thousands of years But woven among the tales of savage cave men in the country of the Basti the hideous Gorbuses in the caverns beneath the Forest of Death and the terrible Gaz is the story of the love this cultured hero feels for a barbarian slave girl who has spurned and discouraged him working instead toward her own
