The Art of the Haunted W.F. James, 2014-10-30 A Thriller with a Heart A group of inner city delinquent boys is engaging in a horrible crime of violence when suddenly a strange man appears He is immediately attacked but he defeats their aggression He subdues them and makes them listen to scary ghost stories throughout the night until help arrives The unwilling audience becomes enthralled by the excitement and thrills and the mystery as slowly the stranger captures their hearts and minds Finally a tale of Islamic Jihad in 12th Century Spain directly relates back to their own conflicts in the modern urban so called ghetto The tales all touch on art and the stranger is an artist a tortured soul whose gifts and skills transform their lives but at a terrible cost The characters are very real and believable as is the harshness of their reality that is motivating their behavior As the plot builds from crisis to crisis the changes that occur become clear and understandable as logical results of the driving action The ghost stories embedded in the plot can stand on their own and are exciting and entertaining in their own right but their significance is slowly revealed as the book nears its conclusion when the meaning of all the action begins to dawn on the boys and the reader Readers say my book makes them cry a lot quite unusual for a violent thriller which this book certainly is It does show some insight into the mentoring process taking boys from violent macho 15 year olds to
