Unsettling Stories Victoria Kuttainen, 2009-12-14 The first study of the synergies between postcolonialism and the genre of the short story composite Unsettling Stories considers how the form of the interconnected short story collection is well suited to expressing thematic aspects of postcolonial writing on settler terrain Unique for its comparative considerations of American Canadian and Australian literature within the purview of postcolonial studies this is also a considered study of the difficult place of the postcolonial settler subject within academic debates and literature Close readings of work by Tim Winton Margaret Laurence William Faulkner Stephen Leacock Sherwood Anderson Olga Masters Scott R Sanders Thea Astley Tim O'Brien and Sandra Birdsell are positioned alongside critical discussions of postcolonial theory to show how awkward affiliations of individuals to place home nation culture and history expressed in short story composites can be usefully positioned within the broader context of settler colonialism and its aftermath

History of Literature in Canada Reingard M. Nischik, 2008 The development of literature in Canada with an eye to its multicultural multiethnic multilingual nature From modest colonial beginnings literature in Canada has arrived at the center stage of world literature Works by English Canadian writers both established writers such as Margaret Atwood and new talents such as Yann Martel make regular appearances on international bestseller lists French Canadian literature has also found its own voice in the North American and francophone worlds CanLit has likewise developed into a staple of academic interest pursued in Canadian Studies programs in Canada and around the world This volume draws on the expertise of scholars from Canada Germany Austria and France tracing Canadian literature from the indigenous oral tradition to the development of English Canadian and French Canadian literature since colonial times Conceiving of Canada as a single but multifaceted culture it accounts for specific characteristics of English and French Canadian literatures such as the vital role of the short story in English Canada or that of the chanson in French Canada Yet special attention is also paid to Aboriginal literature and to the pronounced transcultural ethnically diverse character of much contemporary Canadian literature thus moving clearly beyond the traditions of the two founding nations Contributors Reingard M Nischik Eva Gruber Iain M Higgins Guy Lafleur Dorothee Scholl Gwendolyn Davies Tracy Ware Fritz Peter Kirsch Julia Breibach Lorraine York Marta Dvorak Jerry Wasserman Ursula Mathis Moser Doris G Eibl Rolf Lohse Sherrill Grace Caroline Rosenthal Martin Kuester Nicholas Bradley Anne Nothof Georgiana Banita Gilles Dupuis and Andrea Oberhuber Reingard M Nischik is Professor of American Literature at the University of Constance Germany

A Cultural History of the Disney Fairy Tale Tracey L. Mollet, 2020-11-21 This book charts the complex history of the relationship between the Disney fairy tale and the American Dream demonstrating the ways in which the Disney fairy tale has been reconstructed and renegotiated alongside and in response to important changes within American society In all of its fairy tales of the twentieth and twenty first centuries the Walt Disney studios works to sell its audiences the national myth of the United States at any one historical moment With analyses of films and television programmes such as *The Little Mermaid* 1989 *Frozen* 2013 *Beauty and the Beast* 2017 and *Once Upon a Time* 2011-2018 Mollet argues that by giving its fairy tale protagonists characteristics associated with good Americans and even by situating their fairy tales within America itself Disney constructs a vision of America as a utopian space

The Canadian Short Story Reingard M. Nischik, 2007 Beginning in the 1890s reaching its first full realization by modernist writers in the 1920s and brought to its heyday during the Canadian Renaissance starting in the 1960s the short story has become Canada's flagship genre It continues to attract the

country's most accomplished and innovative writers today among them Margaret Atwood Mavis Gallant Alice Munro Carol Shields and many others Yet in contrast to the stature and popularity of the genre and the writers who partake in it surprisingly little literary criticism and theory has been devoted to the Canadian short story This collection redresses that imbalance by providing the first collection of critical interpretations of a range of thirty well known and often anthologized Canadian short stories from the genre's beginnings through the twentieth century A historical survey of the genre introduces the volume and a timeline comparing the genre's development in Canada the US and Great Britain via representative examples completes it The collection is geared both to specialists in and to students of Canadian literature For the latter it is of particular benefit that the volume provides not only a collection of interpretations but a comprehensive introduction to the history of the Canadian short story Reingard M Nischik is professor and chair of American Literature at the University of Constance Germany
