**Psychotherapist** Sharon Klayman Farber, 2016-10-04 Why would someone decide to become a psychotherapist It is well known within the field that psychoanalysts and psychotherapists are often drawn to their future professions as a result of early traumatic experiences and being helped by their own psychoanalytic treatment While dedicating their lives to relieving emotional suffering without being judgmental they fear compromising their reputations if they publicly acknowledge such suffering in themselves This phenomenon is nearly universal among those in the helping professions yet there are few books dedicated to the issue In this innovative book Farber and a distinguished range of contributors examine how the role of the wounded healer was instrumental in the formulation of psychoanalysis and how using their own woundedness can help clinicians work more effectively with their patients and advance theory in a more informed manner *Celebrating the Wounded Healer Psychotherapist* will be of interest to psychoanalysts and psychoanalytic psychotherapists graduate students in clinical disciplines including psychology social work ministry chaplaincy and nursing as well as the general public New York Magazine , 1995-06-19 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Perceptions et réalisations du moi** Mounir Laouyen, 2000 *Library Journal* Melvil Dewey, Richard Rogers Bowker, L.
