Tales Of The Savoy Stories:

Decadent Short Story Kostas Boyiopoulos, 2014-12-09 This wide ranging anthology showcases for the first time the short story as the most attractive genre for British writers who experimented with Decadent themes and styles The selections represent the important role that magazine culture played in the late Victorian period

The Academy, 1908 **Literature and the Politics of Post-Victorian Decadence** Kristin Mahoney, 2015-06-09 In *Literature and the Politics of Post Victorian Decadence* Kristin Mahoney argues that the early twentieth century was a period in which the specters of the fin de siècle exercised a remarkable draw on the modern cultural imagination and troubled emergent avant gardistes These authors and artists refused to assimilate to the aesthetic and political ethos of the era representing themselves instead as time travelers from the previous century for whom twentieth century modernity was both baffling and disappointing However they did not turn entirely from the modern moment but rather relied on decadent strategies to participate in conversations concerning the most highly vexed issues of the period including war the rise of the Labour Party the question of women's sexual freedom and changing conceptions of sexual and gender identities
