Catholic Theology of Marriage in the Era of HIV and AIDS

Emily Reimer-Barry, 2015-04-09 *Marriage for Life* begins by listening to the lived experiences of Catholic married HIV positive women in order to better understand their struggles The eight women interviewed in Chicago Illinois USA shared their stories of marriage of family life of church involvement and of living with HIV Their candid reflections offer a fresh and grounded perspective on the challenges of living with HIV in a US context After listening to and learning from these women's experiences Reimer Barry constructs a theology of Christian marriage that is life giving in a world with AIDS While Catholic teachings have developed and now affirm the equal dignity of women and men troubling legacies of women's subordination remain embedded in liturgical practices and theological texts Arguing that self care is an indispensable component of a healthy marriage Reimer Barry constructs a life affirming theology of marriage that is sensitive to the struggles of her collaborators She argues that marriage for life must promote the full flourishing of both partners respect wives as equal partners with their husbands and offer a coherent and empowering sexual ethic Building on the wisdom of her collaborators lived experiences Reimer Barry examines the need for a more adequate Catholic response to HIV and AIDS arguing that church communities should promote comprehensive sexual education affirm both abstinence and condom use for HIV prevention and actively work to reduce stigmatizing behaviors within church communities She also unpacks the implications of marriage for life for Catholic liturgical practice marriage preparation programs sexual education programs and family ministries Modeling her method on what Pope Francis calls the art of accompaniment Reimer Barry argues that Catholic theology of marriage must be renewed and updated so that all can plainly understand that marriage is for life

Drama of Pain Bernard J. Paris, 2012-08-14 This motivational analysis of the protagonists in Thomas Hardy's three most widely read novels *Tess of the d'Urbervilles*, *The Mayor of Casterbridge*, and *Jude the Obscure* highlights an often overlooked aspect of his art. Bernard J. Paris shows Hardy's genius in creating imagined human beings. He demonstrates that while Hardy tends to blame external conditions for his characters' painful fates, their downfalls are due to a very complex combination of cosmic, social, and psychological factors. Hardy's characters are usually discussed primarily in thematic terms. The characters are so richly portrayed, Paris argues, that they can be better understood independent of Hardy's interpretations in motivational terms, and he utilizes the psychologist Karen Horney's theories to recover Hardy's intuitions. The characters are full of inner conflicts that make them difficult to fathom, but the approach Paris employs explains their contradictions and illuminates their troubled relationships, shedding light on these expertly crafted imagined human beings. This psychological approach to Hardy's characters enables us to understand his characters and gain insight into the implied authors of the works. In addition, the approach shows Hardy's authorial personality. We can see that Hardy treats some defensive strategies more sympathetically than others. Given his view of life as a general drama of pain and resignation like that of Hardy's character Elizabeth Jane, is the strategy he prefers. *Canadian Book Review Annual*, 2003 *Canadian Books in Print. Tell Me Now Donna M. Wanner, 2005-05 *Tell Me Now* should be given to all school-aged girls as required reading. It not only helps young teens and girls cope with the pressures surrounding them, but it gives them the necessary tools to adopt and overcome. It is a must-have book. *Lisa Nees Pageantry Magazine*. It was a delight to meet Donna when she gave her seminar on self-esteem for our National Pre-Teens. Our young ladies warmed up to Donna immediately and were captivated with her warmth and dedication to their interests. *Jeanne Wallin, National Director, National Pre-Teen Corporation*. It is my pleasure to endorse Donna Wanner's book *Tell Me Now*. Through her self-esteem classes here at Laramie County Community College, I have watched Donna teach, mentor, and assist girls as they develop that internal confidence. I am pleased that the college is able to play a small part in Donna's life work. *Charles Bohlen, Ph.D., President, Laramie County Community College, Cheyenne, Wyoming*. As a Girl Scout leader, I can really see the holistic approach of well-being and a healthy, positive self-esteem. Donna made our Girl Scout Troop feel special to be girls. They were able to learn important aspects of life from budgeting to personal care and relationships with others. *Vickie Ferrin, Troop Leader, Girl Scouts of America*

Psychodrama and Systemic Therapy Chris Farmer, 2018-03-26 It is now increasingly recognized that psychodrama provides a valid and useful tool in many different contexts. Equally, practitioners in a wide variety of fields are acknowledging the benefits that a systems thinking approach can bring to their work. This book unites the two by describing the author's work over a number of years. The author provides a lucid exposition of his own systemic approach to psychodrama, both theoretically and in practical clinical terms. The final section, which discusses systemic approaches to psychiatric care in general, puts the book in a wider context and will make it of interest to a wide range of mental health
