The Articulate Classroom Prue Goodwin,2017-02-21 This is a classic edition of Prue Goodwin s acclaimed collection of articles by leading educationalists on the place of talk in the primary curriculum which now includes a preface from Lyn Dawes A talking classroom is both a crucial part of every subject area and a subject in its own right For all primary teachers committed to deepening their understanding of the pivotal role talk plays in learning this book focuses attention on the importance of fully enabling pupils learning potential Articles grouped according to a flexible framework explore the importance of talk in learning discursive and interactive classrooms talking and learning in the early years talk across the curriculum the importance of storytelling and drama The new introduction reflects on key research developments since the book was first published The Articulate Classroom is an engaging introduction to the field which is still very relevant to today s readers It will remain an indispensable guide for teachers looking to extend their skills and a unique chance for education researchers to gain an overview from experts in the field **Handheld Computing for Mobile Commerce: Applications, Concepts and Technologies** Hu, Wen-Chen,Zuo, Yanjun,2010-02-28 This book looks at theory design implementation

analysis and application of handheld computing under four themes handheld computing for mobile commerce handheld computing research and technologies wireless networks and handheld mobile security and handheld images and videos

Provided by publisher *William Faulkner* Martin Kreiswirth,2008-11-01 Martin Kreiswirth challenges the accepted notion that *The Sound and the Fury* Faulkner's fourth and possibly finest novel represented an unprecedented turning point in the writer's literary career a quantum leap in his imaginative development He argues that Faulkner's earlier work both published and unpublished not only distinctly prefigured techniques narrative strategies and creative procedures used in the writing of his fourth novel but also provided him with materials and methods to which he could return Viewed in the context of his literary development the author says the writing of *The Sound and the Fury* constituted for Faulkner not so much a mysterious leap as a moment of initiation it marks that crucial point in his career at which he revisited his past saw it anew and reworked it into his future Focusing his attention on the works that preceded *The Sound and the Fury* and specifically on the strategies and conventions that informed those works Kreiswirth reassesses Faulkner's imaginative growth and offers new insights into the place and significance of *The Sound and the Fury* itself He provides detailed analyses of such works as the New Orleans short fiction the abandoned novel *Elmer Mosquitoes* *Flags in the Dust* and particularly Faulkner's neglected first novel *Soldier's Pay* These texts are reexamined not only as anticipations of later developments but as literary achievements in their own right

Play and Curriculum Myae Han,James E. Johnson,2019-11-01 Educators have long been pursuing and applying ways that play can be a context and even a medium for teaching and learning Volume 15 of *Play Culture Studies* focuses on the special topic on Play and Curriculum a long waited topic to many educators and researchers in the field of play and education This volume includes chapters reporting recent studies and practical ideas examining the relations between the play and curriculum from early education to higher education The volume has 3 sections with the 9 chapters grouped to represent various voices on play and curriculum in Culture in STEM in Higher Education The uniqueness of this book is represented by its breadths and depths of diversity from investigating play and curriculum in an indigenous group in Columbia to play in a New York City Public school and from play and curriculum in a Family Child Care context to the uses of play with college students

Forum ,1994 *Primary English Teaching* Robyn Cox,2011-01-18 This comprehensive introduction to language literacy and learning in the primary school explores the theoretical issues that underpin pedagogical practice in the primary English language classroom in a straightforward manner enabling readers to understand the resulting practice and curriculum offerings in English primary schools today The contributors explore new initiatives in primary language teaching putting these into their theoretical context and offer practical ideas helping students to make the bridge from studying to be a teacher through to the beginnings of their teaching career Diversity and aspects of special educational needs are also considered in each section of the book This book will be essential reading both for undergraduate students of education as well as for PGCE students
