Constitutions and Canons Volume 1 Church Publishing Incorporated, 2000 The classic historical commentary by White and Dykman on the Constitution and Canons of the Episcopal Church long out of print is now available in a special limited edition reprint Revised for the Standing Commission on Constitution and Canons of the General Convention it is an indispensable reference work for libraries and diocesan offices *The Typology of Scripture, Volume 1* Patrick Fairbairn, There are few topics connected with Biblical interpretation which seem to be more in need of re investigation The old opinions have gone out of vogue without being replaced by any better or indeed by any other system so that the whole subject has been long in a most unsettled state This would be no great evil if typology were merely a matter of curious speculation but embracing as it does some of the most difficult and interesting questions of interpretation its perversion or neglect cannot fail to be attended by the most pernicious consequences Under these impressions which have long been forming in this book the difficulties of the subject are distinctly recognized and fairly appreciated The author is acquainted with the history of his subject He does not come to the discussion of it with a few ex parte notions gathered from some recent writer He knows not only where the difficulty lies but what attempts have heretofore been made for its removal This is volume one out of two **The Best of the World's Classics (Vol.1-10)** Henry Cabot Lodge, 2023-12-13 In The Best of the World's Classics Vol 1 10 Henry Cabot Lodge curates a sweeping anthology that encapsulates the literary giants and pivotal texts from diverse cultures and historical epochs Each volume showcases Lodge's meticulous selection and thoughtful organization presenting readers with an engaging blend of prose poetry and philosophical musings that reflect the depth and richness of the human experience The literary style is characterized by clarity and eloquence paying homage to the original authors while making classical works accessible to contemporary audiences This anthology contextualizes the selected pieces within their respective literary traditions offering insights into their historical significance and cultural impact Henry Cabot Lodge was an American statesman historian and prolific author whose intellectual pursuits were informed by his deep

understanding of literature and history His biography of Benjamin Franklin and work on the American Revolution demonstrate his fascination with the interplay between historical events and literary expression Lodge s passion for classical literature likely stemmed from his broad academic background and his commitment to fostering a greater appreciation for timeless works among a modern readership The Best of the World s Classics is an indispensable resource for literature enthusiasts and students alike inviting readers to engage with the foundational texts that have shaped global thought Whether delving into the epics of antiquity or the prose of the Enlightenment readers will find a treasure trove of wisdom and inspiration that remains relevant in today s world

The Greek Cosmologists: Volume 1, The Formation of the Atomic Theory and Its Earliest Critics David Furley, 1987-03 This first volume takes the story from its beginnings in Ionian philosophy as far as the formation of the Atomic Theory and the first criticisms of it by Plato and Aristotle The second volume will describe the cosmology of Plato and Aristotle the attempt by Epicurean opponents to revive Atomism and later developments of the debate in classical philosophy and science up to the sixth century of our era Both are accessible to anyone interested in the history of science and philosophy even if they have no specialized knowledge of Greek philosophy and no Greek but professional scholars too will find much of importance to them
