The Fourth Gospel A History Of The Textual Tradition Of The Original Greek Gospel:

The Fourth Gospel Victor Salmon, 1976 The Fourth Gospel Victor Slamon, 1971 *Interpreting the Gospel of John* Gary M. Burge, 2013-11-19 This tried and true classroom favorite by respected New Testament scholar Gary Burge has been praised for its usefulness The expanded second edition has been revised throughout to take account of current scholarship and introduces software tools that have become available since the original edition was published Combining original insight with how to guidance this textbook helps students interpret the Gospel of John and apply it in teaching and preaching

Studies in the Theory and Method of New Testament Textual Criticism Eldon Jay Epp, Gordon D. Fee, 1993 The seventeen studies in this volume provide a presentation and assessment of past and current methods applied to the New Testament text Coauthors Epp and Fee offer an introductory survey of the whole field of New Testament textual criticism followed by sections of essays on these topics definitions of key terms critiques of current theory and method methods of establishing textual relationships studies of the papyri with respect to text critical method and guidelines for the use of patristic evidence From publisher s description *John, Jesus, and History, Volume 1* Paul N. Anderson, Felix Just, Tom Thatcher, 2024-11-08 Over the last two centuries many scholars have considered the Gospel of John off limits for all quests for the historical Jesus That stance however creates a new set of problems that need to be addressed thoughtfully The essays in this book reflecting the ongoing deliberations of an international group of Johannine and Jesus scholars critically assess two primary assumptions of the prevalent view the dehistoricization of John and the de Johannification of Jesus The approaches taken here are diverse including cognitive critical developments of Johannine memory distinctive characteristics of the Johannine witness new historicism Johannine Synoptic relations and fresh analyses of Johannine traditional development In addition to offering state of the art reviews of Johannine studies and Jesus studies this volume draws together an emerging consensus that sees the Gospel of John as an autonomous tradition with its own perspective in dialogue with other traditions Through this challenging of critical and traditional assumptions alike new approaches to John s age old riddles emerge and the ground is cleared for new and creative ways forward The Fourth Gospel in First-Century Media Culture Anthony Le Donne, Tom Thatcher, 2013-05-03 Werner Kelber s *The Oral and the Written Gospel* substantially challenged predominant paradigms for understanding early Jesus traditions and the formation of written Gospels Since that publication a more precise and complex picture of first century media culture has emerged Yet while issues of orality aural performance and mnemonics are now well voiced in Synoptic Studies Johannine scholars remain largely unaware of such issues and their implications The highly respected contributors to this book seek to fill this lacuna by exploring various applications of orality literacy memory and performance theories to the Johannine Literature in hopes of opening new avenues for future discussion Part 1 surveys the scope of the field by introducing the major themes of ancient media studies and noting their applicability to the Fourth Gospel and the Johannine Epistles Part 2 analyzes major themes in the Johannine Literature from a media

perspective while Part 3 features case studies of specific texts Two responses by Gail O Day and Barry Schwartz complete the volume

The Conceptual Worlds of the Fourth Gospel Charles B. Puskas, C. Michael Robbins, 2021-01-08 Over and under and through John's story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author's own audience and beyond These ideas did not originate in a vacuum They have recurred and been repeated before and after the writing of the Fourth Gospel For this reason we will examine the meaning of its words and themes in the context of its Jewish Greco Roman milieu Much of our intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament the Dead Sea Scrolls Philo and other relevant writings Such parallels will help to determine the meaning of a word or expression the translation of a particular language determining any direct influences upon the Fourth Gospel parallel traditions or the influence of its ideas as a creative and inspiring work of later antiquity

The fourth gospel (Histoire de la tradition textuelle de l'original grec du quatrième evangile, engl.) A history of the textual tradition of the original Greek gospel Victor Salmon, 1976

The Search for Ultimate Reality Dan Liroy, 2005 In analyzing the intertextuality between the Genesis and Johannine Prologues Dr Liroy maintains that both passages utilize polemical theology to refute distorted views of ultimate reality Furthermore he theorizes that the author of the Johannine Prologue deliberately reflected the structure and themes found in the Genesis Prologue to emphasize that the God man Jesus Christ created all things and is a new spiritual beginning for all who believe in Him Ultimate reality is found through faith in the Son

The History of the Origins of Christianity
