The Frankfurt School Paperback:

The Frankfurt School Rolf Wiggershaus, 1994 The book is based on documentary and biographical materials that have only recently become available As the narrative follows the Institute for Social Research from Frankfurt am Main to Geneva New York and Los Angeles and then back to Frankfurt Wiggershaus continually ties the evolution of the school to the changing intellectual and political contexts in which it operated

The Dialectical Imagination Martin Jay, 1973 Herbert Marcuse Erich Fromm Max Horkheimer Franz Neumann Theodor Adorno Leo Lowenthal the impact of the Frankfurt School on the sociological political and cultural thought of the twentieth century has been profound The Dialectical Imagination is a major history of this monumental cultural and intellectual enterprise during its early years in Germany and in the United States Martin Jay has provided a substantial new preface for this edition in which he reflects on the continuing relevance of the work of the Frankfurt School Amazon com

Splinters in Your Eye Martin Jay, 2020-07-14 Although successive generations of the Frankfurt School have attempted to adapt Critical Theory to new circumstances the work done by its founding members continues in the 21st century to unsettle conventional wisdom about culture society and politics Exploring unexamined episodes in the School's history and reading its work in unexpected ways these essays provide ample evidence of the abiding relevance of Horkheimer Adorno Benjamin Marcuse Lowenthal and Kracauer in our troubled times Without forcing a unified argument they range over a wide variety of topics from the uncertain founding of the School to its mixed reception of psychoanalysis from Benjamin's ruminations on stamp collecting to the ironies in the reception of Marcuse's One Dimensional Man from Lowenthal's role in Weimar's Jewish Renaissance to Horkheimer's involvement in the writing of the first history of the Frankfurt School Of special note are their responses to visual issues such as the emancipation of color in modern art the Jewish prohibition on images the relationship between cinema and the public sphere and the implications of a celebrated Family of Man photographic exhibition The collection ends with two essays tracing the still metastasizing demonization of the Frankfurt School by the so called Alt Right as the source of cultural Marxism and political correctness which has gained alarming international resonance and led to violence by radical right wing fanatics

Max Horkheimer and the Foundations of the Frankfurt School John Abromeit, 2011-10-10 This book is the first comprehensive intellectual biography of Max Horkheimer during the early and middle phases of his life 1895 1941 Drawing on unexamined new sources John Abromeit describes the critical details of Horkheimer's intellectual development This study recovers and reconstructs the model of early Critical Theory that guided the work of the Institute for Social Research in the 1930s Horkheimer is remembered primarily as the co author of Dialectic of Enlightenment which he wrote with Theodor W Adorno in the early 1940s But few people realize that Horkheimer and Adorno did not begin working together seriously until the late 1930s or that the model of Critical Theory developed by Horkheimer and Erich Fromm in the late 1920s and early 1930s differs in crucial ways from Dialectic of Enlightenment Abromeit highlights the ways in which Horkheimer's early Critical Theory

remains relevant to contemporary theoretical discussions in a wide variety of fields The Routledge Companion to the Frankfurt School Peter E. Gordon, Espen Hammer, Axel Honneth, 2018-09-03 The portentous terms and phrases associated with the first decades of the Frankfurt School exile the dominance of capitalism fascism seem as salient today as they were in the early twentieth century The Routledge Companion to the Frankfurt School addresses the many early concerns of critical theory and brings those concerns into direct engagement with our shared world today In this volume a distinguished group of international scholars from a variety of disciplines revisits the philosophical and political contributions of Theodor W Adorno Walter Benjamin Max Horkheimer Herbert Marcuse Jürgen Habermas Axel Honneth and others Throughout the Companion's focus is on the major ideas that have made the Frankfurt School such a consequential and enduring movement It offers a crucial resource for those who are trying to make sense of the global and cultural crisis that has now seized our contemporary world The Idea of a Critical Theory Raymond Geuss, 1982 **The Frankfurt School and Its Critics** T. B. Bottomore, 2002 Controversial look at the School's contribution to modern sociology examining issues previously not discussed such as the neglect of history and political economy by the critical theorists and the relationship of the School to radical movements Foundations of the Frankfurt School of Social Research Judith T. Marcus, Zoltan Tarr, 2020-03-06 This interdisciplinary volume provides the most comprehensive evaluation to date of the merits and problems of Critical Theory of the Frankfurt School Outstanding representatives of several academic disciplines assess from opposite intellectual and political positions the achievements and shortcomings of the social theory that emerged from this school of thought The volume also includes several newly translated but previously inaccessible essays by leading critical theorists such as Georg Lukács and Jürgen Habermas **The Frankfurt School**, 2011 Originally published New York Wiley c1977 **The Frankfurt School** Zoltan Tarr, 2017-07-12 The Frankfurt School refers to a school of neo Marxist interdisciplinary social theory particular established at the Institute for Social Research at the University of Frankfurt Germany in 1923 Tarr's investigation focuses on three key issues The first is the Frankfurt School's original program of providing a general theory of modern capitalist society The second is the claim to represent a continuation of the original Marxian theory through the school's Critical Theory The third is the scientific validity of Critical Theory in light of the generally accepted canons of the natural and social sciences Tarr proposes that in the last analysis Critical Theory is simply another existentialist philosophy As such it is a specific expression of certain socio historical conditions and of the situation of a particular social group the marginal Jewish bourgeois intelligentsia of Central Europe This European Jewish contribution became apparent after the great metaphysical impulse of the pre Socratic and Platonic Aristotelian philosophies had run their respective courses Both philosophies represented philosophical schools of ethics and both wanted to help man take up a defense against the storms of passions and fate It was from these ancient sources that the Frankfurt School emerged The Frankfurt School derived its impetus in the twentieth century in which Tarr claims a shift occurred from the ontological to the subjective realm This in

turn led to deep changes in philosophical theory and practice which led to a more psychologically oriented mode of social thought This in depth study covers the entire career of the Frankfurt School s Critical Theory from 1923 to 1974 It does so by applying the same standards of criticism to its primary doctrines as it turned on other theories but with a keen sense of balance and fairness
