Progress in Physics, Vol. 13, No. 4, 2017 Dmitri Rabounski, Florentin Smarandache, Larissa Borissova, Papers on Unmatter Harmonic Quantum Oscillators Vacuum Polarization Scale Invariant Models Superluminal Reference Heuristic Model and so on Angel particle bearing properties of both particles and anti particles which was recently discovered by the Stanford team of experimental physicists is usually associated with Majorana fermions predicted in 1937 by Ettore Majorana In this message we point out that particles bearing properties of both matter and anti matter were as well predicted without any connexion with particle physics but on the basis of pure mathematics namely neutrosophic logic which is a generalization of fuzzy and intuitionistic fuzzy logics in mathematics *Schleiermacher and Palmer* Justin A. Davis,2019-09-11 Twenty first century Protestantism is radically different from the Protestantism of the Reformation The challenges of modernity affected

all aspects of Christianity and the more successful attempts to combat these challenges came about as a result of two rather different yet similar theologians in the nineteenth century This work provides an exhaustive look at Friedrich Schleiermacher the father of modern liberal Protestantism and Phoebe Palmer the mother of the Holiness movement The trend of liberalism is to strip away all but what is essential to Christian life while the Holiness movement sought to make all of life applicable to the Bible and God While these two movements may appear contradictory they are grounded in a shared source of experiential Protestantism commonly known as Pietism and develop their theological systems from this starting point This study includes not only their theologies but also biographies that introduce the reader to these two luminaries Liberalism and holiness as created by Schleiermacher and Palmer lay the foundation for Pentecostalism fundamentalism neo orthodoxy and the interdenominational movements of the nineteenth century Only from this vantage can we understand the modern Protestant mindset
