The Franciscan Order in the Medieval English Province and Beyond Michael Robson, Patrick Zutshi, 2025-10-01

Commemorating John Moorman's immense contribution to Franciscan history across five decades the essays in this collection reflect upon Moorman's diverse writings on biography hagiography history art and prosopography Contributors draw upon Moorman's diaries and his materials for a biographical register of the Franciscans in medieval England The volume is in tune with recent developments in Franciscan history in general with a special interest in the English province This is exemplified by studies on Franciscan iconography the English province's impact of the wider order the scholastic enterprise prosopography economy sermons the application of Canon Law to the debates at the papal court and the evolution of John Moorman's studies on St Francis and his followers

Ecclesiology and the Franciscan Charism Peter Damian Fehlner, 2023-09-22 This volume of the Collected Essays of Peter Damian Fehlner on Ecclesiology and the Franciscan Charism contains some of the most practical of all of Fehlner's writings This volume is divided into three parts In the first we are treated to Fehlner's first reflections on ecclesiology in the wake of Vatican II and his own earlier research into Bonaventure's ecclesiology and Duns Scotus's teachings on grace and personhood To Fehlner these studies along with his *Tractatus de gratia* and teaching notes on the mission of the Holy Spirit all from the 1960s contain the *rationes seminales* of the entirety of his later thought In part two we find writings mainly from the following two decades on the Conventual Franciscan charism the *ecclesiola* the church in microcosm Here we can readily discern the radical effects of Fehlner's encounter with Maximilian Kolbe and this volume's close affinity with volume six of this series on St Maximilian Kolbe In part three of this volume comprising essays from the final fifteen years of his life Fehlner brings his lifetime of prayerful contemplation and research directly to bear upon practical spirituality In these essays Fehlner's spiritual testament our author presents his Catholic and Franciscan charismatic vision of Christian life

The Franciscan Story Maurice Carmody, 2008 *The Franciscan Story* is varied and engrossing work which spans more than eight centuries Beginning with St Francis Maurice Carmody examines How the first Order grew rapidly after the time of St Francis 1182 1226 and how a simple brotherhood became an organised religious order which spread throughout Europe and beyond to implement papal policy in Church reform missions higher education and diplomacy How disagreements over whether Francis would have approved led to division and from the sixteenth century onwards how new orders formed Conventual Observant and Capuchin Franciscans as well as Riformati Recollects and Alcantarines How women of the second Order founded by Clare of Assisi 1194 1253 and her friend St Francis have adapted and shared Franciscan ideals in a monastic setting since the thirteenth century How the third Order which comprised laity and vowed religious men and women living in community embraced the same values a simple lifestyle respect for creation and peaceful living in ways that often profoundly influenced the society in which they lived *The Franciscan Story* is an in depth and deeply researched account of a religious movement

that has influenced both Church and society in many countries since St Francis il poverello began it eight hundred years ago

A History of the Franciscan Order from Its Origins to the Year 1517 John Richard Humpidge Moorman, 1968 Be Filled with Wonder Tim Weldon, 2006-04 This book is a tribute to the movement begun by Francis of Assisi 1182 1226 saint and founder of the Franciscan Order wonderfully radical commitment to Gospel life Four nearly eight hundred years the world has been filled with wonder at the charity and good works advanced by Franciscans everywhere Less obvious is our wonder at their intellectual and creative genius The following introductory survey is a work chronicling and examining the sense of wonder

that began and today informs the Franciscan Intellectual Tradition [The Franciscan Saints](#) Robert Ellsberg, 2017-08-30
Reading Robert Ellsberg's profiles of holy men and women is like throwing open a window in a stuffy old church and taking in great gulps of fresh air. Henri Nouwen has described his writing as evocative without being pious. He broadens the traditional vision of sanctity and calls modern readers of all stripes to claim their potential for moral and spiritual growth, courage and action. By choosing relevant models and contemporary heroes, he makes holiness accessible and attractive to ordinary people. These 101 spiritual trailblazers span the centuries from Francis and Clare to Solanus Casey and Mychal Judge, with representatives from every walk of life and corner of the world. Each entry features the essential biographical facts and adds the insight and depth only Ellsberg can provide. The author's sharp eye for signs and stories of holiness in the gritty, messy real world informs his selections, making his work unique. Obscure lay peasants, married activists, and controversial social reformers take pride of place alongside better-known theologians, founders, and canonized saints.
