The Future Of The Christian Sunday:

The Future of the Christian Sunday Christopher Kiesling, 1970 *Liturgies of the Future* Anscar J. Chupungco, 2006-05-05 In this book Anscar Chupungco carries forward the work begun in *Cultural Adaptation of the Liturgy*. Now more than forty years after the Council the first stage of the liturgical renewal is complete the Roman liturgy has been restored to its classical shape But the challenge of the second stage lies before us the adaptation of the liturgy to various cultures and traditions This the unfinished agenda of the Council is the task of local churches Chupungco here calls them to take up that task to be faithful to sound tradition and to foster legitimate progress at the same time an art requiring expertise in the science of liturgy the virtue of flexibility and often a great faith in the wisdom of the Church After reviewing the mandate of the Council the author examines the future of the liturgy in three chapters the future shape of the eucharistic celebration the future shape of sacramental celebrations and the future shape of the liturgical year This hopeful and stimulating book will be of great assistance not only to teachers and students of the liturgy but also to those who daily confront the challenges of the future on a pastoral level **The Lord's Day, or, Christian Sunday. Its Unity, History, Philosophy, and Perpetual Obligation. Sermons** Morris Joseph Fuller, 2024-02-28 Reprint of the original first published in 1883 *The Christian Future* Eugen Rosenstock-Huessy, 2020-11-19 The starting point of this attempt to recast the Christian truth is the experience of the two world wars and of the veritable end of the old world with all its implications for the new world The old order has destroyed itself and therefore none of the pre war institutions neither State nor Church can rebuild the Western world Christianity is bankrupt but it is not refuted and the task is to reinterpret its central dogmas of death and life of cross and resurrection in terms intelligible to the modern mind *The Future of Christianity* John Stenhouse, Brett Knowles, Antony Wood, 2004 This book written by a group of New Zealand scholars theologians historians and lawyers examines the question of New Zealand's Western culture and Christianity The contributors explore recent debates over secularisation exploring its merits and explanatory power while also showing its limitations *Christ and the Future in New Testament History* E. Earle Ellis, 2014-04-09 Christology and eschatology form a double core conception in the New Testament that enables one to understand other themes radiating out from it The present volume addresses fifteen topics within this central core seven on the person of Jesus and eight on this age and the age to come The essays interact with and further discussion on disputed topics in contemporary New Testament Studies including the historical Jesus and the Gospels deity christology in the Synoptics and in the Pauline writings the meaning of resurrection in the teaching of Jesus the Sadducees and Qumran eschatology in Luke's writings and the structure of Pauline eschatology New Testament teaching on hell and other christological and eschatological motifs Three concluding pieces provide the historical and hermeneutical framework from which the theological studies proceed This publication has also been published in paperback please click here for details *Training the Church of the future, Auburn seminary lectures on Christian nurture* Francis Edward

Osmer,Friedrich Schweitzer,2018 Global developments have come to shape our lives economically culturally and even religiously Young people growing up in a global age have to be prepared for living in this age Economic and technological demands are important but there also is a need for personal and social orientations that go beyond them This book provides both insights into the Protestant tradition in education as well as its meaning for the future of the church for society and for individual persons It follows an innovative approach by combining perspectives from three different contexts Germany with its important Protestant starting points in the Reformation the United States as a country which has been strongly influenced by Protestantism and South Korea with its comparatively young Protestant tradition The book is based on a combination of international points of view on transnational cooperation on comparative insights and on making constant reference to a global horizon Its presentations and ideas not only address globalization as a driving force behind many future developments but also demonstrate an exercise of global educational thinking Hyun Sook Kim is professor of Christian Education at the College of Theology Yonsei University Korea The Sunday at home (and overseas). , **Sermon Sketches for the Sundays of the Christian Year** E. The Christian World Around the New Testament Richard Bauckham, 2017-10-20 Most of these thirty one essays by Richard Bauckham a well known New Testament scholar were first published between 1979 and 2015 in journals and multi authored volumes Two are previously unpublished and one has not been published in English before They range widely over early Christianity and early Christian literature in both the New

Testament period and the early patristic period reflecting the author's conviction that the historical study of early Christianity should not isolate the New Testament literature from other early Christian sources such as the apostolic fathers and the Christian apocryphal literature. Some of the essays develop further the themes of the author's books on aspects of the Gospels such as the intended audiences of the Gospels, the way in which Gospel traditions were transmitted, the role of the eyewitnesses in the origins of the Gospels, the importance of Papias's evidence about Gospel traditions and the relationship between canonical and Gnostic Gospels. Some of the essays relate to important persons such as Peter, Barnabas, Paul, and James. These include a full investigation of the evidence for the martyrdom of Peter and an attempt to locate the estate of Publius where Paul stayed on Malta. There are studies of the Sabbath and the Lord's Day in both the New Testament and patristic periods. There are studies that survey most of the main categories of apocryphal Christian literature including apocryphal Gospels and Acts and with a special focus on the non-canonical apocalypses such as the Apocalypse of Peter and the Latin Vision of Ezra.
