Taking Control of Your Life Dr. Dean Van Leuven, 2011-03-10 There is no available information at this time Take Control of Your Menopause: Teach Yourself Janet Wright, 2010-08-27 Teach Yourself the world's leading learning brand is relaunched in 2010 as a multi platform experience that will keep you motivated to achieve your goals Let our expert author guide you through this brand new edition with personal insights tips energising self tests and summaries throughout the book Go online at www.teachyourself.com for tests extension articles and a vibrant community of like minded learners And if you don't have much time don't worry every book gives you 15 and 10 minute bites of learning to get you started Offers the very latest advice on both complementary and traditional therapies including natural therapy and HRT Gives you not only advice on coping with symptoms but how to prevent them Explains clearly exactly how your body is changing Plenty of practical suggestions for nutrition fitness and coping with emotional ups and downs One of the few really objective guides that just tells you what you need to know Written by an experienced health writer who'll explain all the issues in the clearest manner possible so you can make a choice that works for you Teach Yourself Your Menopause will give you a clear and steady path through the maze of conflicting information offering a comprehensive guide to the years immediately before during and after the menopause and treating it not as a disease but as another stage in your life It will explain what exactly is happening in your body and help you understand the physical mental and emotional impacts signs and symptoms of these changes It will offer you support as you face the end of your fertile years realistic advice for contraceptive choices and insight into your sexuality at this stage You will receive the latest guidance on what treatment you should and shouldn't seek for any difficult symptoms from traditional medicine and natural alternatives alike and practical tips on lifestyle choices such as fitness nutrition and mind and mood in this comprehensive and supportive guide to making the period both during and after the menopause as satisfying and fulfilled as possible **Take Control of Your Health** Craig Brockie, 2009-11-19

Presenting forthright and revealing facts of natural healing this resource is a guide for clearing the body of toxins **Take Control of Your Drinking** Michael S. Levy, 2021-01-12 Accepting that there is no one size fits all approach to controlling drinking the latest edition of this bestselling book will help you assess your drinking and determine whether moderation or abstinence is the best path for you For decades the standard treatment for people struggling with alcohol consumption has focused on convincing them to admit that they are an alcoholic to stop drinking entirely and to enter into a program most commonly Alcoholics Anonymous But in his more than thirty five year career as an addiction specialist working with people who want to change their drinking habits Michael S Levy has found that the routes to behavioral change actually vary And although abstinence is the successful route for many people others can moderate their drinking on their own or with professional help In this practical effective and compassionate book Levy helps people take control of their alcohol problem by teaching them how to think about and address their drinking habits Beginning with a set of self assessments that reveal

whether the reader's use of alcohol is creating problems Levy explains the causes of problem drinking discusses the growing recognition of the various ways an alcohol use disorder can show itself and talks about why it is so difficult to change Offering advice for choosing between moderating your drinking or abstaining altogether he also touches on coping with slipups fighting helplessness and the fear of failure and knowing when moderation is not achievable The book is unique in that instead of telling people what they need to do it meets people at their stage of change and level of readiness to change and helps them decide for themselves what they need to do Drawing on the latest scientific evidence this new edition includes a chapter on the concept of self medication a useful but at times overused idea a chapter on the concurrent use of drugs particularly cannabis during recovery an exploration of modern strategies for dealing with drinking including technology apps that count drinks for example and medications that curb alcohol consumption reflections on the use of stigma communication strategies for individuals seeking to share their struggle with others an exploration of common triggers additional worksheets and tips to achieve success further material about self help programs and insights about the dark side of addiction treatment Ultimately Take Control of Your Drinking empowers people to tackle their drinking problem and gives them the freedom to do so in a way that fits with their own lifestyle and values This book is useful for anyone who may find that they are drinking too much for the loved ones of such people and for clinicians who want to broaden their skills when working with people who struggle with alcohol
