Seafood Eateries will encourage more people to get into the seafood retail business This is not my intention Already the limits to the seafood eateries have been reached Too many areas have been over fished The fish at the top of the food chain are being driven out of their usual feeding grounds because of over fishing Far too much consumption on particular types of seafood like reef fish sharks abalone and tuna have not been good for the environment The solution lies in fish and prawn cultivation China is leading the world in this aspect but more needs to be done Fish is an extremely rich source of needed protein The fishermen who used to live on in shore and reef fishing have to be provided with jobs at these new fish farms Fish from farms should give the ocean a chance to recover the effects of over fishing Fresh water fish farming should be pushed harder and the great rivers the small rivers the lakes and the ponds should be re stocked Re stocking is like re forestation Today half the paper used in the world is from sustainable forest and the same can be done with sustainable fishery When this book helps to restore the balance between fishing and fish life then I will consider this Seafood Eateries Success a real success *Working for Yourself* Jonathan Reuvid,2006 working for yourself can seem a very daunting prospect but this helpful guide answers every question a would be entrepreneur needs to know fully revised and updated it reflects all the latest developments in the world of self employment and new business all the major issues which need to be considered when starting up alone are dealt with such as raising finance keeping accounts tax and legal aspects marketing it and choice of premises there s also friendly advice and lots of useful tips from case studies of those who ve already made the leap into self employment the best guide of its kind available it s essential reading for any budding entrepreneur plus those already working for themselves who wish to avoid the pitfalls **General operating expenses (except executive office); parks and recreation; public safety** United States.
