new way of considering the fantastic in cinema a prevalent trope in much Asian and Southeast Asian film Primary Education ,1918 **Besieged Ego** Caroline Ruddell,2013-12-16 The Besieged Ego critically appraises the representation or mediation of identity in film and television through a thorough analysis of doppelgangers and split or fragmentary characters The prevalence of non autonomous characters in a wide variety of film and television examples calls into question the very concept of a unified knowable identity The form of the double and cinematic modes and rhetorics used to denote fragmentary identity is addressed in the book through a detailed analysis of texts drawn from a range of industrial historical and cultural contexts The doppelganger or double carries significant cultural meanings about what it means to be human and the experience of identity as a gendered individual The double also expresses in fictional form our problematic experience of the world as a social and supposedly whole and autonomous subject The Besieged Ego therefore raises important questions about the representation of identity onscreen and concomitant issues regarding autonomy and what it means to be human yet it also charts a generic account of the double onscreen Case studies include horror fantasy and comedy
