Tales From French Catalonia:

Multilingualism and Mother Tongue in Medieval French, Occitan, and Catalan Narratives Catherine E.

Léglu,2010-05-15 The Occitan literary tradition of the later Middle Ages is a marginal and hybrid phenomenon caught between the preeminence of French courtly romance and the emergence of Catalan literary prose In this book Catherine L glu brings together for the first time in English prose and verse texts that are composed in Occitan French and Catalan sometimes in a mixture of two of these languages This book challenges the centrality of canonical texts and draws attention to the marginal the complex and the hybrid It explores the varied ways in which literary works in the vernacular composed between the twelfth and fifteenth centuries narrate multilingualism and its apparent opponent the mother tongue L glu argues that the mother tongue remains a fantasy condemned to alienation from linguistic practices that were by definition multilingual As most of the texts studied in this book are works of courtly literature these linguistic encounters are often narrated indirectly through literary motifs of love rape incest disguise and travel

The French Catalan People in Revolution and War, 1789-95 Simon F. Reeve,2025-09-30 This book examines the effect of the French Revolution and the ensuing war with Spain on northern Catalonia annexed by France in the seventeenth century and constrained by the imposition of a political border along the Pyrenees Assimilation of the northern Catalan people into France had been slow by 1789 the Catalan speaking majority remained stubbornly linked to their ethnic counterparts south of the Pyrenees This work examines how confrontation between national and local allegiances played out as the French Revolutionary leadership propagated the concept of the nation state and challenged deeply held traditional religious beliefs Using detailed analysis of contemporary local sources it illustrates the impact of geographic and ethnic ties within a historically insular region on the wider conflict between France and Spain Local communities reacted often in dramatically different ways to being the frontline of an existential national war French Catalans were forced into taking sides some from conviction with others acting more pragmatically Many chose to cross the frontier to Spain to escape persecution and retribution only to return later when events allowed Although weakened since annexation the persistence of Catalan identity and loyalties remained a hugely significant factor in determining the course of the Revolution in this region
