Variety's Complete Home Video Directory, 1988 *Terror Television* John Kenneth Muir, 2013-02-25 Although horror shows on television are popular in the 1990s thanks to the success of Chris Carter's *The X-Files* such has not always been the case. Creators Rod Serling, Dan Curtis, William Castle, Quinn Martin, John Newland, George Romero, Stephen King, David Lynch, Wes Craven, Sam Raimi, Aaron Spelling, and others have toiled to bring the horror genre to American living rooms for years. This large scale reference book documents an entire genre from the dawn of modern horror television with the watershed Serling anthology *Night Gallery* 1970 a show lensed in color and featuring more graphic makeup and violence than ever before seen on the tube through more than 30 programs including those of the 1998-1999 season. Complete histories, critical reception, episode guides, cast crew and guest star information as well as series reviews are included along with footnotes, a lengthy bibliography, and an in depth index. From Kolchak: *The Night Stalker* to *Millennium*, from *The Evil Touch* to *Buffy the Vampire Slayer* and *Twin Peaks*, *Terror Television* is a detailed reference guide to three decades of frightening television programs, both memorable and obscure.

Defenders Masterworks Vol. 4 Marvel Comics, 2016-07-21 Collects *Defenders* 1972-22, *30 Giant Size Defenders* 5, *Marvel Super Heroes* 1967-18. One of the most challenging writers of 70s Marvel, Steve Gerber's *Defenders* ranks as a high water mark of the era. Taking Marvel's famous non-team and mixing in his own unique brand of sharp social commentary, Gerber brought forth stories both action-packed and insightful. We begin with a classic four-part saga featuring the bigoted Sons of the Serpent that brings members past and present together to defend the defenseless. Then the Guardians of the Galaxy hit the scene and take the *Defenders* to the year 3015 A.D. It's an amazing adventure including the debut of Starhawk and the Guardians of the Galaxy's first appearance too.

At the Edge of Existence Brandon West, 2021-12-03 Few scary stories begin with a disclaimer that they are fictional. Instead, they claim to be true, even when they are not. Such stories blur the line between fiction and reality, pushing audiences to consider where fiction ends and reality begins. These kinds of horror stories comprise the understudied subgenre of liminal horror. As the first book on this subject, this volume surveys a variety of liminal horror films. It discusses the different variations within liminal horror's sub-genres and considers why horror films are obsessed with the natures of and borders between fiction and reality. After first laying out the basic traits of the horror genre in the context of liminality, this book then dives into film more specifically and how the medium is uniquely situated to explore the movement between the fictional and the real. Through lenses such as dreaming, memory, and perception, the following chapters explore the role liminal horror plays in the human psyche's subconscious, unconscious, and the various functions of the human mind in perceiving or misperceiving reality.

Despite this enticing list of other subjects, George A. Romero is best known for the genre-defining 1968 film *Night of the Living Dead* and subsequent zombie films.
