A Cultural History of the Disney Fairy Tale Tracey L. Mollet, 2020-11-21 This book charts the complex history of the relationship between the Disney fairy tale and the American Dream demonstrating the ways in which the Disney fairy tale has been reconstructed and renegotiated alongside and in response to important changes within American society In all of its fairy tales of the twentieth and twenty first centuries the Walt Disney studios works to sell its audiences the national myth of the United States at any one historical moment With analyses of films and television programmes such as The Little Mermaid 1989 Frozen 2013 Beauty and the Beast 2017 and Once Upon a Time 2011 2018 Mollet argues that by giving its fairy tale protagonists characteristics associated with good Americans and even by situating their fairy tales within America itself Disney constructs a vision of America as a utopian space
