points serving as touchstones for the collection's central themes Dharma Punx Noah Levine, 2009-10-13 Fueled by the music of revolution anger fear and despair we dyed our hair or shaved our heads Eating acid like it was candy and chasing speed with cheap vodka smoking truckloads of weed all in a vain attempt to get numb and stay numb This is the story of a young man and a generation of angry youths who rebelled against their parents and the unfulfilled promise of the sixties As with many self-destructive kids Noah Levine's search for meaning led him first to punk rock drugs drinking and dissatisfaction But the search didn't end there Having clearly seen the uselessness of drugs and violence Noah looked for positive ways to channel his rebellion against what he saw as the lies of society Fueled by his anger at so much injustice and suffering Levine now uses that energy and the practice of Buddhism to awaken his natural wisdom and compassion While Levine comes to embrace the same spiritual tradition as his father bestselling author Stephen Levine he finds his most authentic expression in connecting the seemingly opposed worlds of punk and Buddhism As Noah Levine delved deeper into Buddhism he chose not to reject the punk scene instead integrating the two worlds as a catalyst for transformation Ultimately this is an inspiring story about maturing and how a hostile and lost generation is finally finding its footing This provocative report takes us deep inside the punk scene and moves from anger rebellion and self-destruction to health service to others and genuine spiritual growth **John Moschos' Spiritual Meadow** Brenda Llewellyn Ihssen, 2016-05-06 John Moschos' Spiritual Meadow is one of the most important sources for late sixth early seventh century Palestinian Syrian and Egyptian monasticism This undisputedly invaluable collection of beneficial tales provides contemporary society with a fuller picture of an imperfect social history of this period it is a rich source for understanding not only the piety of the monk but also the poor farmer Brenda Llewellyn Ihssen fills a lacuna in classical monastic secondary literature by highlighting Moschos' unique contribution to the way in which a fertile Christian theology informed the ethics of not only those serving at the altar but also those being served Introducing appropriate historical and theological background to the tales Llewellyn Ihssen demonstrates how Moschos' tales address issues of the autonomy of individual ascetics and lay persons in relationship with authority figures Economic practices health care death and burials of lay persons and ascetics are examined for the theology and history that they obscure and reveal Whilst teaching us about the complicated relationships between personal agency and divine intercession Moschos' tales can also be seen to reveal liminal boundaries we know existed between the secular and the religious
