Tales From the Hollow Scott Kennedy, 2022-11-28 This story begins some 13,000 years ago at the end of the last ice age, before travelling thousands of years ahead to the early pioneers and the farms they established, and right up to the present day. Readers will learn how the local St John's Anglican Church welcomed its first worshippers when Beethoven was still performing in the concert halls of Europe. They will meet Cornelius van Nostrand, born in 1730, twenty-six years before Mozart and eleven years before the first performance of Handel's Messiah, and now at rest in St John's churchyard. This rich history also includes such diverse figures as Amelia Earhart, who discovered her love of flying at an aerodrome overlooking Hogg's Hollow, and Northern Dancer, the most influential Thoroughbred racehorse in history. Members of the British Royal Family, including two Kings of England, were also regular visitors to the area, staying in later years with E. P. Taylor and his wife Winifred at the Taylors' Windfields Farm, where Northern Dancer was also a resident.

Tales of Neveryeon Samuel R. Delany, 2011-04-15 In his four-volume series *Return to Neveryeon*, Hugo and Nebula award winner Samuel R. Delany appropriated the conceits of sword and sorcery fantasy to explore his characteristic themes of language, power, gender, and the nature of civilization. Wesleyan University Press has reissued the long unavailable *Neveryeon* volumes in trade paperback. The eleven stories, novellas, and novels in *Return to Neveryeon*'s four volumes chronicle a long-ago land on civilization's brink, perhaps in Asia, or Africa, or even on the

Mediterranean Taken slave in childhood Gorgik gains his freedom leads a slave revolt and becomes a minister of state finally abolishing slavery Ironically however he is sexually aroused by the iron slave collars of servitude Does this contaminate his mission or intensify it Presumably elaborated from an ancient text of unknown geographical origin the stories are sunk in translators and commentators introductions and appendices forming a richly comic frame *Tales from the Big House: Normanby Hall* Stephen Wade, 2017-06-30 Tales from the Big House Normanby Hall tells the story of a place known perhaps today mainly as the home where Samantha Cameron grew up but historically it has been the seat of the Sheffield family whose most famous member was arguably the Duke of Buckingham in the seventeenth century As with most country houses the Hall was used as a military hospital in the Great War and in the Second World War there were military personnel based there again It stands just a few miles from the great steelworks on the Brigg Road which have always defined Scunthorpe so it played its part in the history of steel making also The book includes biographies of the famous but also tells of the lives of the ordinary people who kept the house and the estate going from the gamekeepers to the gardeners and the cooks to the stable hands All this is set against the social background through the centuries of its existence up to the sale of the Hall to Scunthorpe Borough Council in 1964 The lives familiar to us today from Downton Abbey and similar family sagas are at the heart of Stephen Wades history But along the way the reader will meet such characters as Sir Berkeley Sheffield model railway enthusiast Walter Brierley architect Thomas Sumpter the schoolmaster John Fletcher machine maker and perhaps most charismatically of all Lady Arthur Grosvenor an expert on gypsy caravans *Tales of the Old Gypsies* Jennifer Davies, 1999-01-01 Jack Locke is typical of the fiercely independent spirit which characterises gypsies Jack Fred Stephenson breeder of lurchers and the Coulsons of Co Durham scrap merchants **Medieval Narrative** Tony Davenport, 2004-09-23 An introduction to the variety of medieval narrative intended both for students and more general readers who already know some of the classics of the Middle Ages such as Beowulf the Decameron and The Canterbury Tales and who wish to venture further Medieval definitions and theories of narrative are considered in relation to modern narratology and the major medieval types of narrative are discussed The perspective in this book is mainly English with Chaucer as a central figure but it refers to a range of well known European texts and writers such as Marie de France Cretien de Troyes the Niebelungenlied the Poem of the Cid Dante and Boccaccio **It's All a Game** Tristan Donovan, 2017-05-30 A timely book a wonderfully entertaining trip around the board through 4 000 years of game history The Wall Street Journal Board games have been with us even longer than the written word But what is it about this pastime that continues to captivate us well into the age of smartphones and instant gratification In It's All a Game Tristan Donovan British journalist and author of Replay The History of Video Games opens the box on the incredible and often surprising history and psychology of board games He traces the evolution of the game across cultures time periods and continents from the paranoid Chicago toy genius behind classics like Operation and Mouse Trap to the role of Monopoly in helping prisoners of war escape the Nazis and even the scientific use of

board games today to teach artificial intelligence how to reason and how to win With these compelling stories and characters Donovan ultimately reveals why board games from chess to Monopoly to Risk and more have captured hearts and minds all over the world for generations Splendid A quick and breezy read it doesn't just tell the fascinating stories of the often struggling individuals who created our favorite games It also manages to convey the entire sweep of board game history from the earliest forms of checkers to modern day surprise hits like Settlers of Catan Mashable Artfully weaves together culture business and ways games impact society Booklist A fascinating and insightful discussion not only of games past but the socioeconomic and historical factors that contributed to their popularity Chicago Review of Books [Elizabeth Gaskell Premium Collection: 10 Novels & 40+ Short Stories](#) Elizabeth Gaskell, 2023-12-25 In the Elizabeth Gaskell Premium Collection 10 Novels 40 Short Stories readers are presented with a rich tapestry of narratives that delve into the complexities of Victorian society Gaskell's work is characterized by her keen social observation emotional depth and an empathetic exploration of class dynamics and gender roles This collection showcases her literary versatility from the gothic undertones of Mary Barton to the nuanced portrayals in North and South all woven together with Gaskell's elegant prose and intricate character development reflecting the moral and social challenges of her time Elizabeth Gaskell a prominent figure in 19th century English literature drew inspiration from her own experiences as a woman in a rapidly changing society Her background including her marriage to a Unitarian minister and her friendships with contemporaries like Charlotte Brontë profoundly shaped her narratives often imbuing them with a sense of realism and a compassionate view towards the struggles of the lower classes Gaskell's advocacy for women's rights and interest in social reform are recurrent themes that enrich the reader's understanding of her stories This comprehensive collection is highly recommended for both newcomers and seasoned readers of Victorian literature Gaskell's ability to intertwine societal critique with poignant storytelling makes this volume not just a significant literary work but also a vivid historical account of the era's complexities Dive into this collection to experience the profound insights and enduring relevance of Gaskell's narratives **Fashion in the Fairy Tale Tradition** Rebecca-Anne C. Do Rozario, 2018-06-06 This book is a journey through the fairy tale wardrobe explaining how the mercurial nature of fashion has shaped and transformed the Western fairy tale tradition Many of fairy tale's most iconic images are items of dress the glass slippers the red capes the gowns shining like the sun and the red shoes The material cultures from which these items have been conjured reveal the histories of patronage political intrigue class privilege and sexual politics behind the most famous fairy tales The book not only reveals the sartorial truths behind Cinderella's lost slippers but reveals the networks of female power woven into fairy tale itself [The Book of Greek and Roman Folktales, Legends, and Myths](#) William Hansen, 2019-10-29 The first anthology to present the entire range of ancient Greek and Roman stories from myths and fairy tales to jokes Captured centaurs and satyrs talking animals people who suddenly change sex men who give birth the temporarily insane and the permanently thick witted delicate sensualists incompetent seers a woman

who remembers too much a man who cannot laugh these are just some of the colorful characters who feature in the unforgettable stories that ancient Greeks and Romans told in their daily lives Together they created an incredibly rich body of popular oral stories that include but range well beyond mythology from heroic legends fairy tales and fables to ghost stories urban legends and jokes Teaching Fairy Tales Nancy L. Canepa,2019-03-25 Scholars from many different academic areas will use this volume to explore and implement new aspects of the field of fairy tale studies in their teaching and research *The Canterbury Tales - Second Edition* Geoffrey Chaucer,2012-04-16 The Broadview Canterbury Tales is an edition of the complete tales in a text based on the famous Ellesmere Manuscript Here one may read a Middle English text that is closer to what Chaucer's scribe Adam Pinkhurst actually wrote than that in any other modern edition Unlike most editions which draw on a number of manuscripts to recapture Chaucer's original intention this edition preserves the text as it was found in one influential manuscript A sampling of facsimile pages from the original manuscript is also included along with a selection of other works that give the reader a rich sense of the cultural political and literary worlds in which Chaucer lived The second edition includes a new Middle English glossary a timeline of Chaucer's life and times and detailed page headers showing the fragment and line numbers to assist readers in finding a specific section of the poem **Fairy Tales** Ruth B. Bottigheimer,2010-03-25 2009 CHOICE Outstanding Academic Title Where did Cinderella come from Puss in Boots Rapunzel The origins of fairy tales are looked at in a new way in these highly engaging pages Conventional wisdom holds that fairy tales originated in the oral traditions of peasants and were recorded for posterity by the Brothers Grimm during the nineteenth century Ruth B Bottigheimer overturns this view in a lively account of the origins of these well loved stories Charles Perrault created Cinderella and her fairy godmother but no countrywoman whispered this tale into Perrault's ear Instead his Cinderella appeared only after he had edited it from the book of often amoral tales published by Giambattista Basile in Naples Distinguishing fairy tales from folktales and showing the influence of the medieval romance on them Bottigheimer documents how fairy tales originated as urban writing for urban readers and listeners Working backward from the Grimms to the earliest known sixteenth century fairy tales of the Italian Renaissance Bottigheimer argues for a book based history of fairy tales The first new approach to fairy tale history in decades this book answers questions about where fairy tales came from and how they spread illuminating a narrative process long veiled by surmise and assumption *The Canterbury Tales, A Selection - Second Edition* Geoffrey Chaucer,2013-07-15 Drawing from the same text as the complete Broadview edition of the Tales which is based on the famous Ellesmere Manuscript this selected edition also features a critical introduction marginal glosses in modern English of difficult words and explanatory footnotes The most widely taught appendix material from the complete edition is included along with ten illustrations from the Ellesmere Manuscript The second edition includes a new glossary a timeline of Chaucer's life and times and detailed headers showing the section and line numbers making it easier to find a specific section of the poem Several popular prologues and tales have also been added
