Tales From The West Of Ireland:

Tales from the West of Ireland Sean Henry, 1980 A collection of folk history from County Mayo **Tales of the West of Ireland** James Berry, 1966 *Tales from the West of Ireland* Sean Henry, 1980 Collection of folktales from County Mayo
Wild Sports of the West of Ireland William Hamilton Maxwell, 1892 *Popular Tales of the West Highlands* John F. Campbell, 1862 **Popular Tales of the West Highlands**, 1892 Popular tales of the west Highlands orally collected, with a tr. by J.F. Campbell John Francis Campbell, 1860 **Popular Tales of the West Highlands** John Francis Campbell, 1862 *West Irish Folk-Tales and Romances* Anonymous, 2019-12-09 In *West Irish Folk Tales and Romances* the anonymous author presents a captivating collection of folklore that serves as both a window into the cultural psyche of rural Ireland and a celebration of its rich oral storytelling tradition The book intertwines charming narratives with enchanting motifs employing a lyrical prose style that evokes the picturesque landscapes of the West Irish coast Through a blend of mythical elements moral lessons and folkloric archetypes these tales explore themes of love adventure and the interplay between the human and supernatural realms compelling readers to embrace the fantastical while reflecting on the intricacies of everyday life in Ireland during a time of seismic social change in the 19th century The decision to compile these folk tales may stem from a desire to preserve the vanishing oral traditions of a region at the crossroads of modernization and tradition Anonymous in authorship this figure embodies a collective voice that seeks to honor the community's rich heritage amidst the cultural upheaval following the Great Famine suggesting a deep rooted commitment to safeguarding Irish identity and folklore This collection is a treasure trove for anyone interested in folklore cultural history or the intersections of myth and reality Readers will find themselves enchanted by the tales whimsy and depth making *West Irish Folk Tales and Romances* an essential read for those seeking to understand the heart of Irish storytelling **POPULAR TALES OF THE WEST HIGHLANDS Vol. 1** Anon E Mouse, 2009 This second volume of *Tales of the West Highlands* contains thirty ursgeuln or tales fifty riddles plus a few extra stories As always these are tales and stories in which something Fairy or magical occurs something extraordinary fairies giants dwarfs princes princesses kings and queens speaking animals and the remarkable stupidity of some of the characters But these aren't just a collection of amusing and entertaining stories Just 20 years after the Elementary Education Act of 1870 these are the tales that were still being used in those far flung reaches of the Highlands to teach the young the lessons of life Also included are Seanachas those old Highland stories which in their telling resemble no others whose origins are lost in the mists of the Highlands if not the midst of time So take some time out and travel back to a period before television and radio a time when tales were passed on orally at the drying kilns at the communal well or in homes where families would gather around a crackling and spitting hearth and granddad or grandma or uncle or auntie would delight and captivate the gathering with stories passed on to them from their parents and grandparents from time immemorial A proportion of the profit from the sale of this book will be donated towards the

education of the underprivileged in Scotland Ireland in Fiction Stephen James Meredith Brown,1916 **The Folktale** Stith Thompson,1977 As interest in folklore increases the folktale acquires greater significance for students and teachers of literature The material is massive and scattered thus few students or teachers have accessibility to other than small segments or singular tales or material they find buried in archives Stith Thompson has divided his book into four sections which permit both the novice and the teacher to examine oral tradition and its manifestation in folklore The introductory section discusses the nature and forms of the folktale A comprehensive second part traces the folktale geographically from Ireland to India giving culturally diverse examples of the forms presented in the first part The examples are followed by the analysis of several themes in such tales from North American Indian cultures The concluding section treats theories of the folktale the collection and classification of folk narrative and then analyzes the living folklore process This work will appeal to students of the sociology of literature professors of comparative literature and general readers interested in folklore
