Zacharias, 2013-12-10 Written by some of the world's most distinguished Henry James scholars this innovative collection of essays provides the most up to date scholarship on James s writings available today Provides an essential up to date reference to the work and scholarship of Henry James Features the writing of a wide range of James scholars Places James s writings within national contexts American English French and Italian Offers both an overview of contemporary James scholarship and a cutting edge resource for studying important individual topics Henry James and the 'Woman **Business'** Alfred Habegger, 2004-08-26 This is a historical critique of Henry James in relation to nineteenth century feminism and women's fiction Habegger has brought to light extensive new documentation on James's tangled connections with what was thought and written about women in his time The emphasis is equally on his life and on his fictions This is the first book to investigate his father's bizarre lifelong struggle with free love and feminism a struggle that played a major role in shaping James The book also shows how seriously he distorted the truth about the cousin Minnie Temple whose self assertive image inspired him and how indebted he was to certain American women writers whom he attacked in reviews but whose plots and heroines he appropriated in his own fiction Haunted Museum Jonah Siegel, 2021-04-13 For centuries southern Europe and Italy in particular has offered writers far more than an evocative setting for important works of literature The voyage south has been an integral part of the imagination of inspiration Haunted Museum is a groundbreaking in depth look at fantasies of Italy from the late eighteenth to the early twentieth centuries focusing on a literary tradition Jonah Siegel terms

the art romance the fantastic voyage south understood as the register of an ambivalent desire for art and a heightened experience of reality Siegel argues that Italy s allure derives not only from its celebrated promise of unique natural beauty and prized antiquities but from the opportunity it offers writers to place themselves in relation to a web of prior accounts of travel to the native land of genius Beginning with Goethe as the founding figure of the tradition Haunted Museum moves from a rich reframing of literature from the first half of the nineteenth century including new readings of works by Byron de Sta l Barrett Browning and others to an ambitious examination of Henry James s well known engagement with Europe newly understood as a response to this important literary legacy Readings of works by Freud Forster Mann and Proust demonstrate the longevity of the tradition of looking to Italy for the representation of desires as impossible to satisfy as they are to deny

scholarship The New American Studies is a compelling combination of theory and application synthesis and polemic Rowe traces the evolution of American Studies over the last guarter century and looks to the future placing the field in a postnationalist context that encompasses all of the Americas and the disparate cultural zones within He then demonstrates the kind of literary and cultural interpretation he calls for examining subjects ranging from Hawthorne's and James's responses to nineteenth century sexual mores to the ways television legitimated itself in its first few decades to the Eli n Collecting and Appreciating Simone Francescato, 2010 The traditional borders between the arts Gonz lez custody case have been eroded to reveal new connections and create new links between art forms Cultural Interactions is intended to provide a forum for this activity It will publish monographs edited collections and volumes of primary material on points of crossover such as those between literature and the visual arts or photography and fiction music and theatre sculpture and historiography Writing Life Mhairi Pooler, 2015 A study of the artist autobiography in the period between Victorianism and Modernism Henry James: Complete Stories Vol. 1 1864-1874 (LOA #111) Henry James, 1999-08-30 A dignified and impressive addition to your bookshelf that reveals James s virtuoso performance in a genre he helped to define refine and elevate The Commercial Appeal This Library of America volume the first of five of Henry James's short fiction brings together his first twenty four published stories thirteen never collected by James Encompassing a wide range of subjects settings and formal techniques they show the first explorations of some of James s most significant themes the force of social convention and the compromises it demands the complex and often ambiguous encounter between Europe and America the energies of passion measured against the rigors of artistic discipline By his mid twenties James was a regular contributor to the most prestigious and popular magazines of his era He is equally at ease writing historical tales such as Gabrielle de Bergerac a love story set in pre Revolutionary France as he is exploring contemporary events as in the three stories that treat the effects of the American Civil War on civilians James s psychological acuity is already evident in Master Eustace a study of the ruthlessness of a spoiled child and in Guest's Confession where the comic portrayal of an arrogant businessman hints at his cruelty and self absorption In The Romance of Certain Old Clothes and The Last of the Valerii James begins to work with the supernatural and fantastic motifs that would continue to surface in his work Early examples of James s lifelong fascination with art and artists include A Landscape Painter about a young painter's attraction to a seemingly simple family living in a desolate coastal town and The Madonna of the Future where an aging artist avoids the unveiling of his masterpiece Adumbrating later triumphs and compelling in their own right these stories reveal and accomplished and cosmopolitan young talent mastering the art of the short story LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper

The Book of the Short Story Alexander Jessup, Henry Seidel Canby, Robeson Bailey, 1903 **Ethical Aestheticism in**the Early Works of Henry James Tomoko Eguchi, 2016-05-11 This study re locates the work of Henry James by revealing parallels between the aestheticism of John Ruskin and that of James It explores a mix of well known fictional texts alongside James s essays and tales which are less frequently analysed but which nevertheless offer important insights into James s attitude to his artistic method Tracing James s early development in comparison with Ruskin s this book also explores German Romantic thought and the idealism of Kant Goethe and Hegel While examining the German connections with James this study is also alert to James s relations with Walter Pater and French realism to which James became increasingly close in the mid 1880s Rather than placing James within one single category it demonstrates how James interfused Romanticism and realism in establishing his own form of aestheticism Shedding light on James s period of apprenticeship this book therefore articulates the Victorian concept of aestheticism as used by James and Ruskin Henry James Judith E.
