Talk Does Not Cook The Rice:

Talk Does Not Cook the Rice R. H. H. (Guru.),1982 *Talk Does Not Cook Rice* ,1989 **On Living Our Explanations** Lee Thayer,2017-02-08 People have always tried to explain whatever they want to talk about or have to deal with in their worlds To explain something to oneself or to others makes it comprehensible If the explanation becomes socially tenable it provides a person or a tribe with a perspective on their world a way of knowing it That perspective becomes their reality It is a virtual reality created by people for the use of those people Virtual realities are products of our talk and our minds which archive and channel the meaning of things First our minds get created and then our minds create us personally and collectively All human worlds that we know anything about function as they do based upon the meaning of their worlds and them in it Most of the other animals on earth don't have much to say about their pasts or their future People do because they invented the concept of the past and the concept of the future in order to think and talk about them Those who superseded us in our particular cultures invented explanations to give virtual reality to everything they wanted to talk about or do something about We live in and through those explanations as we understand them We invent our explanations on top of those we inherit and that we and our progenies will grow up living in and through This counter intuitive premise is that we do not live in any natural world We live consciously and even subconsciously in our worlds as we have explained them or could explain them Physiological or biological events certainly do occur But we deal with them according to what they meant to us Random events like accidents do occur But we can explain them before they occur and after they occur There is nothing that occurs in our worlds that we cannot explain or justify in some way Whether or not it rains is something we do not control But to talk about it or think about it we have to do so in and through our explanations Your lover may be dumping you for his or her own a priori explanations How you deal with it depends upon how you explain it to yourself We live and we die in accordance with our explanations of our worlds and of us in them We live our explanations **Proverbs, Maxims and Phrases of All Ages** ,1887 Proverbs, maxims and phrases of all ages, classified subjectively and arranged alphabetically, compiled by R. Age of Joy Yaseva,2021-02-05 Have you at some time or the other wondered whether it is ever possible for human civilization to move away from its present inconsistent and jarring ways Whether the deep down desires of human beings will ever get met in a widespread way If the anxiety uncertainty and confusion that seem to be the norm of these times get replaced with rampant and pervasive peace happiness and joy Many feel that the world is progressing especially with the advancement in technology and communication But in reality if one looks closely it is debatable whether humanity is moving up or sliding down The global pandemic violent territorial disputes between nations religious chauvinism intolerance extreme poverty violence against women and children trafficking discrimination and so on are certainly not manifestations of human

civilization progressing it's more like degeneration The Climate Emergency we are living in is pushing the planet towards extinction The unscrupulous pharmaceutical industry is exploiting the health system for financial gains The humongous war and armament industry drives the economy of developed nations and subversively fuels conflicts and jingoism among neighboring nations to keep their market flourishing The insatiable greed of corporate tycoons for endless growth and wealth garnering has no consideration for the livelihood of the vulnerable causing chronic inequity The mindless destruction and pollution of the planet's primary resources namely air water and earth to boost GDP carries on merrily All these are categorized as aspects of unworkability and left to persist as situations that we are expected to live with Pursuit of Joy is the panacea for all social anomalies and will usher human civilization into the Age of Joy **The Way of the Martial Artist**
