Subject Guide to Books in Print ,1996 **Dramatics** ,1994 Drama Made Easy Karena Krull,1995 American Theatre ,1995 *Anger, Aggression and Violence* Paul R. Robbins,2000-08-19 Violence has been a part of the human condition for a long time Evidence from the distant past of hominids shows traces of violence inflicted by other hominids The history of our own species has more than its share of violent encounters sometimes rising to the level of sheer brutality Indeed the examples of human inhumanity are so numerous and so diverse one might entertain the thesis that violence is hardwired as it were into the genetic makeup of our species The thesis underlying this book is that in order to better understand violence it is important to examine anger and aggression and the interrelationship among the three concepts Feelings of anger often precede aggressive and violent acts If we learn how to control anger better we can expect a reduction in violent acts And aggression itself may be channeled into behaviors which can be useful rather than destructive This book addresses the problem of anger by using an interdisciplinary approach drawing on research from psychology anthropology sociology and history as well as statistical data provided by criminologists *Transfigurements* John Sallis,2010-02-15 *Transfigurements* develops a framework for thinking about art through innovative readings of some of the most important philosophical writing on the subject by Kant Hegel and Heidegger Sallis exposes new layers in their texts and theories while

also marking their limits By doing so his aim is to show that philosophy needs to attend to art directly Consequently Sallis also addresses a wide range of works of art including paintings by Raphael Monet and Klee Shakespeare's comedies and the music of Beethoven Schubert Mahler and Tan Dun Through these interpretations he puts forth a compelling new elaboration of the philosophy of art Forthcoming Books Rose Arny,1995-02 **The Publishers Weekly** ,1994 *The Art of Boot and Shoemaking.
