The Fooling Of America The Untold Story Of Carlos P Romulo

Lisandro E. Claudio

The Fooling Of America The Untold Story Of Carlos P Romulo:

The Fooling of America Pio Andrade,1990 **The Fooling of America** Pio Andrade,1990 *A World Made New* Mary Ann Glendon,2002-06-11 Unafraid to speak her mind and famously tenacious in her convictions Eleanor Roosevelt was still mourning the death of FDR when she was asked by President Truman to lead a controversial commission under the auspices of the newly formed United Nations to forge the world's first international bill of rights *A World Made New* is the dramatic and inspiring story of the remarkable group of men and women from around the world who participated in this historic achievement and gave us the founding document of the modern human rights movement Spurred on by the horrors of the Second World War and working against the clock in the brief window of hope between the armistice and the Cold War they grappled together to articulate a new vision of the rights that every man and woman in every country around the world should share regardless of their culture or religion A landmark work of narrative history based in part on diaries and letters to which Mary Ann Glendon an award winning professor of law at Harvard University was given exclusive access *A World Made New* is the first book devoted to this crucial turning point in Eleanor Roosevelt's life and in world history Finalist for the Robert F Kennedy Book Award **Philippine-American Military History, 1902-1942** Richard B. Meixsel,2002-12-30 Military obligations rested lightly upon the Filipino people for much of the period that America occupied the Philippines but Filipinos could enlist in the United States Army and Navy attend the service academies at West Point and Annapolis or join military organizations restricted to duty in the islands such as the Philippine Scouts Philippine Constabulary Philippine National Guard and the navy's insular force In the 1930s the Philippine government established its own armed forces Throughout much of this time the U S army also kept a substantial portion of its troop strength in the Philippines This annotated bibliography of nearly 700 titles highlights the extent and variety of the Philippine American military experience from the conquest of the islands by the United States in 1902 to the defeat of Philippine and American forces by the Japanese in 1942 The bibliography includes memoirs and biographies of Filipino and American officers and enlisted men from MacArthur to Ferdinand Marcos unit histories army post and navy base histories medals and insignia books and the most extensive list of prisoner of war memoirs yet published Annotations address controversies such as the widely disparate estimates of American deaths on the Bataan Death March and include previously unpublished information such as casualty figures for American and Philippine forces in 1941 1942 **Liberalism and the Postcolony** Lisandro E. Claudio,2017-03-24 Extricating liberalism from the haze of anti modernist and anti European caricature this book traces the role of liberal philosophy in the building of a new nation It examines the role of toleration rights and mediation in the postcolony Through the biographies of four Filipino scholar bureaucrats Camilo Osias Salvador Araneta Carlos P Romulo and Salvador P Lopez Lisandro E Claudio argues that liberal thought served as the grammar of Filipino democracy in the 20th century By looking at various articulations of liberalism in pedagogy international affairs economics and literature Claudio

not only narrates an obscured history of the Philippine state he also argues for a new liberalism rooted in the postcolonial experience a timely intervention considering current developments in politics in Southeast Asia

Illusions of Influence Nick Cullather, 1994 Exploring the inner workings of the special relationship of the United States and the Philippines this book challenges the accepted view that portrays the relationship as one of colonial domination and exploitation with the United States controlling the Philippines for economic and geopolitical gain Using Philippine sources released since the 1986 revolution and recently declassified U S records the author finds instead a complex structure that allowed both nations to attain their most cherished goals while sacrificing interests of lesser importance The United States obtained a military base complex it considered essential for the projection of American power in Asia In return the Philippines received a favored position in the American market and billions of dollars in economic and military aid The Philippine elite manipulated the relationship and their nation s economy creating a crony capitalist system that protected a traditional social order from the demands of a restive peasantry and an emerging Filipino Chinese middle class Though U S policy made crony capitalism possible it could also threaten it and Filipinos learned how to steer U S policy along lines advantageous to themselves by resorting to nonconfrontational resistance thwarting development plans harassing American businesses diverting aid restricting trade and making military bases the target of nationalist attacks The author rejects the myth that U S policy supported economic exploitation finding instead that American business interests were docile bystanders sacrificed to U S strategic imperatives But American policymakers tolerated the manipulations that allowed Filipino oligarchs to plunder the economy and reinforce their political and economic dominance The book thus forces us to rethink conventional assumptions about dependent relationships and shows that generalizations about client states need to be qualified by considerations of culture and political economy

Five Faces of Exile Augusto Fauni Espiritu, 2005 *Five Faces of Exile* is the first transnational history of Asian American intellectuals Espiritu explores five Filipino American writers whose travels literary works and political reflections transcend the boundaries of nations and the categories of Asia and America

Historical Dictionary of the Philippines Artemio R. Guillermo, 2012 The *Historical Dictionary of the Philippines* Third Edition contains a chronology an introductory essay an extensive bibliography and several hundred cross referenced dictionary entries

La amenaza colonial Norberto Barreto Velázquez, 2010 Estados Unidos consiguió en 1898 el control sobre Cuba Puerto Rico Guam y Filipinas tras la guerra hispanocubano norteamericana contra España El dominio sobre las Islas Filipinas conseguido tras esta guerra generó un intenso debate político ideológico y cultural en la sociedad estadounidense La amenaza colonial analiza la impresionante producción documental sobre las islas Filipinas y sus habitantes generada por escritores militares funcionarios coloniales periodistas misioneros y viajeros norteamericanos y cómo se utilizó por los miembros del Congreso de Estados Unidos en sus discusiones sobre el futuro político de su colonia Esta obra resalta el papel protagónico que tuvo el Congreso americano en el desarrollo de prácticas institucionales y políticas imperialistas desde una perspectiva que

combina enfoques culturales políticos ideológicos y estratégicos
1941-1944 Felipe Buencamino, Victor Buencamino, 2003

Memoirs and Diaries of Felipe Buencamino III,
