David North, 1991 *100 Years of Permanent Revolution* Bill Dunn, Hugo Radice, 2006-05-20 One hundred years on from their first appearance in Leon Trotsky s Results and Prospects this is a critical re evaluation of two key Marxist theories uneven and combined development and permanent revolution It brings together a formidable array of Marxist intellectuals from across the world including Daniel Bensaid Michael L wy Hillel Ticktin and Patrick Bond Marx saw societies progressing through distinct historical stages feudal bourgeois and communist Trotsky advanced this model by considering how countries at different stages of development influence each other Developed countries colonise less developed countries and exploit their people and resources Elsewhere even as many were kept in poverty the influence of foreign capital and state led industrialisation produced novel economic forms and prospects for political alliances and change The contributors show how 100 years on from its original publication Trotsky s theories are hugely useful for understanding today s globalised economy dominated by US imperialism **Towards a History of the Fourth International**, 1975 **The Socialist Industrial**

State David Lane, 2023-06-14 The Socialist Industrial State 1976 examines the state socialist system taking as the central example the Soviet Union where the goals and values of Marxism Leninism and the particular institutions the form of economy and polity were first adopted and developed It then considers the historical developments differences in culture the level of economic development and the political processes of different state socialist countries around the globe A History of the Democratic Socialist Party and Resistance John Percy, 2005 Resistance is the first volume of a projected three volume history of the Democratic Socialist party and the youth organisation Resistance which today constitute the main current of the Australian far left This volume covers the tumultuous period from 1965 to 1972 **The Heritage We Defend** David North, 1988 Indispensable reading for all those seeking a serious analysis of the central political problems confronting the working class in the latter half of the twentieth century and today This Marxist polemic reviews the political and theoretical disputes inside the Fourth International the international Marxist movement founded by Leon Trotsky in 1938 and gives a detailed objective assessment of the political contribution and evolution of James P Cannon Trotsky s most important

cothinker in the US Based on extensive research with detailed references to original documents and programmatic statements from the archives of the Trotskyist movement
