The Fragmented Novel In Mexico The Politics Of Form:

The Fragmented Novel in Mexico Carol Clark D'Lugo, 2010-01-01 From Mariano Azuela's 1915 novel *Los de abajo* to Rosamara Roffiel's *Amora* of 1989 fragmented narrative has been one of the defining features of innovative Mexican fiction in the twentieth century In this innovative study Carol Clark D'Lugo examines fragmentation as a literary strategy that reflects the social and political fissures within modern Mexican society and introduces readers to a more participatory reading of texts D'Lugo traces defining moments in the development of Mexican fiction and the role fragmentation plays in each Some of the topics she covers are nationalist literature of the 1930s and 1940s self-referential novels of the 1950s that focus on the process of reading and writing the works of Carlos Fuentes novels of *La Onda* that came out of rebellious 1960s Mexican youth culture gay and lesbian fiction and recent women's writings With its sophisticated theoretical methodology that encompasses literature and society this book serves as an admirable survey of the twentieth-century Mexican novel It will be important reading for students of Latin American culture and history as well as literature **Teaching**

Late-Twentieth-Century Mexicana and Chicana Writers Elizabeth Coonrod Martínez, 2020-12-15 Offers pedagogical techniques for teaching Mexicana and Chicana writers of the late twentieth century in undergraduate classes Topics include precursors and influences testimony and chronicle borderlands culture gender and identity cross-cultural connections and indigeneity Includes syllabus suggestions and information on editions reference works biographies film adaptations and online resources **Toward the Geopolitical Novel** Caren Irr, 2013-12-17 Caren Irr's survey of more than 125 novels outlines the dramatic resurgence of the American political novel in the twenty-first century She explores the writings of Chris Abani Susan Choi Edwidge Danticat Junot Díaz Dave Eggers Jeffrey Eugenides Aleksandar Hemon Hari Kunzru Dinaw Mengestu Norman Rush Gary Shteyngart and others as they rethink stories of migration the Peace Corps nationalism and neoliberalism revolution and the expatriate experience Taken together these innovations define a new literary form the geopolitical novel More cosmopolitan and socially critical than domestic realism the geopolitical novel provides new ways of understanding crucial political concepts to meet the needs of a new century **Revolution and State in Modern Mexico**

Adam David Morton, 2013-10-04 Now in an updated edition this groundbreaking study develops a new approach to understanding the formation of the postrevolutionary state in Mexico In a shift away from dominant interpretations Adam David Morton considers the construction of the revolution and the modern Mexican state through a fresh analysis of the Mexican Revolution the era of import substitution industrialization and neoliberalism Throughout the author makes interdisciplinary links among geography political economy postcolonialism and Latin American studies in order to provide a new framework for analyzing the development of state power in Mexico He also explores key processes in the contestation of the modern state specifically through studies of the role of intellectuals democratization and democratic transition and spaces of resistance As Morton argues all these themes can only be fully understood through the lens of uneven development

in Latin America Centrally the book shows how the history of modern state formation and uneven development in Mexico is best understood as a form of passive revolution referring to the ongoing class strategies that have shaped relations between state and civil society As such Morton makes an important interdisciplinary contribution to debates on state formation relevant to Mexican studies postcolonial and development studies historical sociology and international political economy by revitalizing the debate on the uneven and combined character of development in Mexico and throughout Latin America In so doing he convincingly contends that uneven development can once again become a tool for radical political economy analysis in and beyond the region A substantive new epilogue engages the main theoretical debates that have emerged since the book was first published while also exploring the dominant geographies of power and resistance that are shaping state space in Mexico in the twenty first century And now a Spanish edition *Revolución y Estado en México moderno México D F Siglo XXI* 2017 is available as well Click here to see the book trailer

Ambivalence, Modernity, Power Nuala Finnegan, 2007 By incorporating a variety of critical approaches within a feminist framework the author here argues that Mexican women writers participate in a crucial project of unsettling dominant discourses as they strive for new ways of capturing the ambivalent position of the Mexican women in their texts

The Cambridge Companion to the Latin American Novel Efraín Kristal, 2005-05-26 The diverse countries of Latin America have produced a lively and ever evolving tradition of novels many of which are read in translation all over the world This Companion offers a broad overview of the novel's history and analyses in depth several representative works by for example Gabriel García Márquez Machado de Assis Isabel Allende and Mario Vargas Llosa The essays collected here offer several entryways into the understanding and appreciation of the Latin American novel in Spanish speaking America and Brazil The volume conveys a real sense of the heterogeneity of Latin American literature highlighting regions whose cultural and geopolitical particularities are often overlooked Indispensable to students of Latin American or Hispanic studies and those interested in comparative literature and the development of the novel as genre the Companion features a comprehensive bibliography and chronology and concludes with an essay about the success of Latin American novels in translation

After the Nation Pedro García-Caro, 2014-07-07 After the Nation proposes a series of groundbreaking new approaches to novels essays and short stories by Carlos Fuentes and Thomas Pynchon within the framework of a hemispheric American studies García-Caro offers a pioneering comparativist approach to the contemporary American and Mexican literary canons and their underlying nationalist encodement through the study of a wide range of texts by Pynchon and Fuentes which question and historicize in different ways the processes of national definition and myth making deployed in the drawing of literary borders After the Nation looks at these literary narratives as postnational satires that aim to unravel and denounce the combined hegemonic processes of modernity and nationalism while they start to contemplate the ensuing postnational constellations These are texts that playfully challenge the temporal and spatial designs of national themes while they point to and debase holy borders international borders as well as the internal

lines where narratives of nation are embodied and consecrated StartFragment *Strategic Occidentalism* Ignacio M. Sanchez Prado, 2018-08-15 Strategic Occidentalism examines the transformation in both aesthetics and infrastructure of Mexican fiction since the late 1970s During this time a framework has emerged characterized by the corporatization of publishing a frictional relationship between Mexican literature and global book markets and the desire of Mexican writers to break from dominant models of national culture In the course of this analysis Ignacio M Sanchez Prado engages with theories of world literature proposing that world literature is a construction produced at various levels including the national that must be studied from its material conditions of production in specific sites In particular he argues that Mexican writers have engaged in a strategic Occidentalism in which their idiosyncratic connections with world literature have responded to dynamics different from those identified by world systems or diffusionist theorists Strategic Occidentalism identifies three scenes in which a cosmopolitan aesthetics in Mexican world literature has been produced Sergio Pitlor's translation of Eastern European and marginal British modernist literature the emergence of the Crack group as a polemic against the legacies of magical realism and the challenges of writers like Carmen Boullosa Cristina Rivera Garza and Ana Garc a Bergua to the roles traditionally assigned to Latin American writers in world literature **Revisiting the Mexican Student Movement of 1968** Juan J. Rojo, 2016-04-21 Tracing the evolution of Mexican literary and cultural production following the Tlatelolco massacre this book shows its progression from a homogeneous construct set on establishing the true history of Tlatelolco against the version of the State to a more nuanced and complex series of historical narratives The initial representations of the events of 1968 were essentially limited to that of the State and that of the Consejo Nacional de Huelga National Strike Council and only later incorporated novels and films Juan J Rojo examines the manner in which films posters testimonios and the Memorial del 68 expanded the boundaries of those initial articulations to a more democratic representation of key participants in the student movement of 1968 Mexico's Ruins Raúl Rodríguez-Hernández, 2008-01-03 Explores the trope of modernity in Garc a Ponce's writings
