The Fundamentals Of Drawing Landscapes A Practical And Inspirational Course:

The Fundamentals of Drawing Landscapes Barrington Barber, 2017-06-13 Landscapes have for centuries captivated the imaginations of artists. Indeed many of the most stunning works of art are in this genre. For the amateur artist however the sheer scope of landscape views can seem daunting. Following the pattern established in his highly successful companion volume on drawing portraits Barrington Barber shows you that it is easier than it looks. All you need is a willingness to abide by a few simple rules and to take delight in exploring the myriad possibilities he presents. *The Fundamentals of Drawing Landscapes* takes you through every aspect of this stimulating area of art in an informal yet informative style. Among the 350 illustrations you will find exercises to hone your skills and a wealth of examples to emulate. Everything included in this book will add to the sum of your knowledge and understanding and so help make you a better artist. *The Fundamentals of Drawing Landscapes* Barrington Barber (Artist), 2004

The Fundamentals of Drawing Still Life Barrington Barber, 2012-03-10 In this book both budding and experienced artists will find clear comprehensive instructions to help them improve their craft. The author describes in detail the type of materials to acquire before starting and ideas to consider in composition choice of medium and more. The exercises range from basic to advanced helping artists to progress from fundamental skills to emulating the work of masters. Artists wishing to explore still life can find inspirational examples from the Roman era to the present day. From Italian Renaissance murals to the impressionists' stunning interpretations of flower arrangements. Still Life has a rich history and a wide range of styles. Of all the genres of art still life offers one of the widest choice of subject and interpretation. An artist could as easily complete a still life using a realistic watercolor or a charcoal sketch with bold wide strokes. Still Life is a very well practiced area of drawing and painting and has been the route by which many artists have learnt about techniques and style. This is because it is the most easily available of art's themes and doesn't require a model or a fair weathered day. The artist only has to look around his or her home to find everything needed for an enjoyable drawing session and improve technique.

Drawing Landscapes Barrington Barber, 2018-10-25 For centuries landscapes have captivated the imaginations of artists. For the amateur artist the sheer scope of the landscape may seem daunting whether it's a stunning view of unspoilt countryside, a city street or the view outside your window. So where do you start? In *Drawing Landscapes* artist and teacher Barrington Barber outlines the key areas to master and guides you through the skills you need to become an accomplished landscape artist. Includes information on materials, techniques and styles. Explains the core fundamentals of perspective, foreground, middleground and background. Looks at the basic elements of a landscape such as sky, water, mountains and vegetation. Offers step by step drawings and exercises to practise.
