The Fundamentals of World Peace Arnold Hamer Hall,1953 **The Fundamentals of World Peace** A. Hamer Hall,2011-10-01 **World Peace** Alex J. Bellamy,2019-09-12 For as long as there has been war there have been demands for its elimination The quest for world peace has excited and eluded political leaders philosophers religious elders activists and artists for millennia With war on the rise once again we rarely reflect on what world peace might look like much less on how it might be achieved World Peace aims to change all that and show that world peace is possible Because the motives rationales and impulses that give rise to war the quest for survival enrichment solidarity and glory are now better satisfied through peaceful means war is an increasingly anachronistic practice more likely to impoverish and harm us humans than satisfy and protect us This book shows that we already have many of the institutions and practices needed to make peace possible and sets out an agenda for building world peace In the immediate term it shows how steps to strengthen compliance with international law improve collective action such as international peacekeeping and peacebuilding better regulate the flow of arms and hold individuals legally accountable for acts of aggression or atrocity crimes can make our world more peaceful It also shows how in the long term building strong and legitimate states that protect the rights and secure the livelihoods of their people gender equal societies and protecting the right of individuals to opt out of wars has the potential to establish and sustain world peace But it will only happen if individuals organize to make it happen **Fundamentals of world peace** Maharishi European Research University,1975 **Public Opinion and World Peace** George H.
