Subcommittee on Consumer Protection and Finance,1977 The Florida Experience Luther J. Carter,2013-11-26 First Published in 2011 The early 1970s will be recorded as the years when Florida s environmental crisis or more specifically its land crisis was proclaimed Ever since intensive settlement of Florida began a century ago people have been trying to remake with increasingly troubling results a delicate low lying peninsula wrought by natural forces over the geological ages This study looks at the land crisis and the challenge it presents to the state and local governments
