Al Dente Fabio Parasecoli, 2025-06-12 Spaghetti with meatballs fettuccine alfredo margherita pizzas ricotta and parmesan cheeses we have Italy to thank for some of our favorite comfort foods Home to a dazzling array of wines cheese breads vegetables and salamis Italy has become a mecca for foodies who flock to its pizzerias gelateries and family style and Michelin starred restaurants Taking readers across the country s regions and beyond in the first book in Reaktion s new Foods and Nations series *Al Dente* explores our obsession with Italian food and how the country s cuisine became what it is today Fabio Parasecoli discovers that for centuries southern Mediterranean countries such as Italy fought against food scarcity wars invasions and an unfavorable agricultural environment Lacking in meat and dairy Italy developed foodways that depended on grains legumes and vegetables until a stronger economy in the late 1950s allowed the majority of Italians to afford a more diverse diet Parasecoli elucidates how the last half century has seen new packaging conservation techniques industrial mass production and more sophisticated systems of transportation and distribution bringing about profound changes in how the country s population thought about food He also reveals that much of Italy s culinary reputation hinged on the world s discovery of it as a healthy eating model which has led to the prevalence of high end Italian restaurants in major cities around the globe Including historical recipes for delicious Italian dishes to enjoy alongside a glass of crisp Chianti *Al Dente* is a fascinating survey of this country s cuisine that sheds new light on why we should always leave the gun and take the cannoli

The Food of Italy Claudia Roden, 2014 Like Elizabeth David Claudia Roden can write about anything Whether it s Middle Eastern Spanish or Italian food she is the cook to turn to She is world renowned for her classic books like *Arabesque* and *the Book of Jewish Food* These draw on her Egyptian Jewish roots so it s

no wonder Middle Eastern chefs like Ottolenghi are among her biggest fans But it is interesting to see that Russell Norman of Polpo cites Food of Italy as his favourite cookbook Polpo is very cool very modern very Italian and yet still Claudia Roden's classic is his go to cookbook Food of Italy was first published 25 years ago next year But the recipes are so fresh yet timeless they are hard to date For this edition she has updated over 30% of the recipes to fit modern tastes with new inclusions like farro salad and burrata The book is structured by region So you get the glorious tomato and aubergine dishes of Sicily the classically Roman dishes like salty meat and fried vegetables and rich Tuscan stews and soups and so on With over 300 short recipes it is an incredible repertoire and it is completely approachable for home cooks This fully illustrated edition includes recipe photos as well as local Italy scenes This is the first time it has had photos since it was originally published *The Food of Italy* Sara Louise Kras,2012-01-15 Explores the culture traditions and festivals of Italy through its food *The Food of Italy* Waverley Root,1971 *The Food of Italy* Sophie Braimbridge,Jo Glynn,2000 *Food Culture in Italy* Fabio Parasecoli,2004-10-30 There is keen interest in the exquisite yet simple Italian cuisine and Italian culture This volume provides an intimate look at how Italians cook eat and think about food today It describes the cornucopia of foodstuffs and classic ingredients An overview of the typical daily routine of meals and snacks gives a good feel for the everyday life The changing roles of women are explored with a discussion of the inroads that convenience foods are making In addition the current concerns about the food supply the benefits of the Mediterranean diet and the slow food movement are tied in to the debates on these issues in the United States Food is one of the main reasons why many Americans travel to Italy Yet the fascination with Italian cuisine is not all about health or taste There is much more to it Italian food is perceived and portrayed in the media as representing a whole lifestyle Italians live la dolce vita leisurely eating and drinking with friends and families families are still important and communities are close knit The reality of Italian society is more complex and this volume offers a balanced view of Italian culture and identity through its foodways ***The Food of Italy*** Sophie Braimbridge,2000
