of this law's origins and its troubling legacy. The nonunanimous jury verdict law originally allowed a guilty verdict with only nine juror votes funneling many of those convicted into the state's burgeoning convict lease system. Yet the law remained on the books well after convict leasing ended. Historian Thomas Aiello describes the origins of the statute in Bourbon Louisiana, a period when white Democrats sought to redeem their state after Reconstruction; its survival through the civil rights era of the 1950s and 1960s and the Supreme Court's decision in *Johnson v. Louisiana* (1972), which narrowly validated the state's criminal conviction policy. Spanning over a hundred years of Louisiana law and history, *Jim Crow's Last Stand* investigates the ways in which legal policies and patterns of incarceration contribute to a new form of racial inequality.
