aged Russian academic and currently a special advisor to the Russian Foreign Minister for the duration of the arms reduction talks with the Americans ongoing in beautiful Vienna Austria He is unhappily married has a liberal minded daughter who dislikes him for being part of the ever more repressive Putin government and he has a mistress half his age back in Moscow with whom he'd like to spend the rest of his life He's also being blackmailed by the Russian Ministry of Defense to make sure that his views and recommendations match those of the Army's hardliners He sees no way out of his unhappy situation until he meets a young CIA officer in Vienna and Golovin thinks he has found a solution to his problems but as he starts down a lonely path of espionage which proves to be much more complicated than he'd originally thought it would be This is the realistic story of espionage from the perspective of the Russian agent who has no diplomatic immunity if caught and has to deal with the psychological pressures and fears of being a spy all by himself His is not the glamorous life of a James Bond It's that of a scared man who must deceive everyone around him as he deals with unexpected challenges in trying to come out of the Great Game alive and do what is right for those around him

Double Your Money with Weekly Options Condors Jon Schiller, Jon Schiller Phd, 2010-09-22 The erratic behavior of the US and World Stock Markets required a change in trading strategy to avoid a loss of trading capital caused by enormous increases and decreases in the OEX and SPX during a trading day My software program SelfAdapDTN4 evolved during the last 10 years of tracking a great number of indices and many stocks It became very complex to use for trading In July 2010 I decided the complexity needed to be reduced for efficiency for the options trader I renovated my software to focus on the best weekly options to consider for trading By sorting thru the indices and stocks tracked by my old software I found there were several weekly options that were worth tracking in today's market The new software program is SelfAdapJonWeeklyCndrs which emphasizes a simpler user interface The size of the software was halved Appendix B is an abbreviated version of the manual for the software

A Spy's Guide to Santa Fe and Albuquerque E. B. Held, 2011-01-15 When thinking of New Mexico few Americans think spy vs spy intrigue but in fact to many international intelligence operatives the state's name is nearly synonymous with espionage and Santa Fe is a sacred site The KGB's single greatest intelligence and counterintelligence coups and the planning of the organization's most infamous assassination all took place within one mile of Bishop Lamy's statue in front of Saint Francis Cathedral in central Santa Fe In this fascinating guide former CIA agent E B Held uses declassified documents from both the CIA and KGB as well as secondary sources to trace some of the most notorious spying events in United States history His work guides modern visitors through the history of such events as the plot to assassinate Leon Trotsky Ted Hall's delivery of technical details of the atom bomb to the KGB and the controversial allegations regarding Los Alamos National Laboratory scientist Dr Wen Ho Lee's contacts with China Held provides background material as well as modern site locations to allow Cold War enthusiasts the opportunity to explore in a whole new way the settings for these historical events
