The Lives Of The Prophets:

The Lives of the Prophets Charles C. Torrey, 2020-10-27 The ancient Jewish traditions here published have not been as well known as they deserve to be Eberhard Nestle in his *Marginalien und Materialien* a work to which constant reference will be made in the following pages spoke of the neglect of this little collection of legends during more than a century and a half this was in 1893 The half century which has elapsed since that date has seen a most important advance in the scientific study of the Lives a gain which is largely the fruit of Nestle's own labors but is chiefly embodied in Theodor Schermann's admirable collection and presentation of the extant material All the hard work preliminary to an edition of the Greek text was thus accomplished

Biblical Prophets in Byzantine Palestine David Satran, 1995 The Lives of the Prophets a series of brief biographical sketches of the major and minor prophets of the Hebrew Bible is a unique composition Generally held to be a Jewish document from the end of the period of the Second Temple the Lives offers an abundance of geographical genealogical and narrative detail which is not readily paralleled This study provides the first thorough assessment of the work in nearly a century A survey of the textual state of the composition and its reception is followed by a detailed examination of the literary structures which underlie the individual vitae It is argued that the Lives is an evolved heavily redacted document whose present form cannot predate the fourth century C E Only within the context of early Byzantine Christian concerns holy men sacred sites and the veneration of the saints does the Lives of the Prophets become a comprehensible and vital text

The Life & Character of the Seal of Prophets - Volume III

Hazrat Mirza Bashir Ahmad, 2017-07-01. This magnificent work not only highlights the various aspects of the life and character of the Holy Prophet (sa) founded on the Holy Quran, Sunnat, Practice of the Holy Prophet (sa) and the Adhith Sayings of the Holy Prophet (sa) with references particularly from the six authentic books of Adhith and history, rather it presents the prominent events and episodes in the history of Islam with solid historical testimonies. Some prejudiced orientalist and historians have misrepresented various incidents from the history of Islam in an attempt to tarnish the character of the Holy Prophet (sa). Hazrat Mirza Bashir Ahmad (ra) has refuted those allegations with convincing argumentation in this book. Moreover, in addition to a formidable rebuttal of the objections of orientalist, the current volume covers a detailed review of scholarly discussions such as equality in Islam, the acceptance of prayer, the treaty of Udaibiyyah and the Holy Prophet's letters to the leaders of various kingdoms and empires.
