Sir Hans Sloane The Great Collector:

Sir Hans Sloane. The Great Collector and His Circle. [With Plates, Including a Portrait.]. Eric Saint John BROOKS, Sir Hans SLOANE, 1954 **Sloane 250** Natural History Museum (London, England), 2003 **Sir Hans Sloane** Eric St. John Brooks, 1954 **From Books to Bezoars** Alison Walker, Arthur MacGregor, Michael Hunter, 2012 This well illustrated volume offers fresh perspectives on the great eighteenth century physician naturalist and collector Sir Hans Sloane 1660 1753 whose extensive holdings formed the basis of the British Museum and its offspring the Natural History Museum and the British Library The colonial milieu within which Sloane operated gets prominence here particularly the time he spent in Jamaica Attention is paid to his enormous network of acquaintances and correspondents throughout the world as well as to the way his collecting activities permeated every aspect of his life Other essays consider the museum specimens accumulated by Sloane both natural and man made shedding new light on his aims for acquiring and organizing them A fascinating look at the man behind three of the United Kingdom s most famous museums From Books to Bezoars will appeal to students and scholars of eighteenth century studies early modern science and the history of the book **The Great Naturalists** Robert Huxley, 2019-09-24 The story of natural history as seen through the lives observations and discoveries of the world s greatest naturalists We owe a debt of gratitude to the naturalists who described experimented collected and gave us the means to understand the natural world They came from all over the globe from classical times to the end of the nineteenth century when natural history changed from a mainly amateur pursuit to today s specialized scientific profession Braving dangers including storms pirates and disease in pursuit of cataloging the natural world pioneers such as Alexander von Humboldt and Charles Darwin changed the course of science with their groundbreaking theories This book includes many naturalists who are well known such as the earliest great natural historian Aristotle Carl Linnaeus the man who brought order to nature the ornithologist and painter John James Audubon and Georges Cuvier who established the concept of extinction Others are now given their rightful place Antony van Leeuwenhoek who made his own microscopes and discovered bacteria and Mary Anning the princess of paleontology who had an amazing self taught talent for finding fossils Many of these people were great artists as well as scientists and The Great Naturalists is illustrated with a selection of beautiful and precise paintings and drawings of birds animals fossils fish shells and rocks from the unparalleled collections of the Natural History Museum London

Doctors of Another Calling David K. C. Cooper, 2013-11-26 The medical profession is rich in those who have made names for themselves outside of medicine The fields of literature exploration business sport entertainment and beyond abound with doctors whose interests lie outside medicine This book largely written by members of the medical profession examines the efforts of doctors in non medical fields The doctors discussed here are those who are or were well known to the public for their contributions to their non medical fields of choice In many cases the public may have been unaware that a subject was medically qualified This book provides wide ranging and comprehensive biographical sketches of forty two doctors who are

best known to the public for their contributions to fields outside of medicine **Sir Hans Sloane** Arthur MacGregor,1994 Sir Hans Sloane was a considerable figure in his time He was the natural successor to Sir Isaac Newton as President of the Royal Society President of the Royal College of Physicians and the friend of John Ray Robert Boyle and other principal figures in the learned community of his day He was also the author of a major two volume Natural History of Jamaica the result of personal fieldwork on the island while a young man **Poetic Exhibitions** Eric Gidal,2001 In the process of tracing poetic and critical responses to the museum and its collections Poem Exhibitions simultaneously demonstrates the impact of nationalist ideologies and scientific discourse on formal and thematic developments in Romantic poetry and aesthetics

Museum Masters Edward P. Alexander,1995 Alexander brings to life the stories of twelve ambitious leaders from the United States and Europe who helped shape the future of the museum world **Museum Storage and Meaning** Mirjam Brusius,Kavita Singh,2017-09-07 Beyond their often beautiful exhibition halls many museums contain vast hidden spaces in which objects may be stored conserved or processed Museums can also include unseen archives study rooms and libraries which are inaccessible to the public This collection of essays focuses on this domain an area that has hitherto received little attention Divided into four sections the book critically examines the physical space of museum storage areas the fluctuating historical fortunes of exhibits the growing phenomenon of publicly visible storage and the politics of objects deemed worthy of collection but unsuitable for display In doing so it explores issues including the relationship between storage and canonization the politics of collecting the use of museum storage as a form of censorship the architectural character of storage space and the economic and epistemic value of museum objects Essay contributions come from a broad combination of museum directors curators archaeologists historians and other academics **The Scientific Revolution in Global**

Perspective William E. Burns,2016 This is the first book to put the scientific revolution its causes and effects in a global context It breaks with the Eurocentric tradition of previous scientific revolution surveys to fully reimagine the emergence of modern science as a process on a world scale It has maps that for the first time situate the scientific revolution geographically Provided by publisher **The Routledge History of Loneliness** Katie Barclay,Elaine Chalus,Deborah Simonton,2023-02-28 The Routledge History of Loneliness takes a multidisciplinary approach to the history of a modern emotion exploring its form and development across cultures from the seventeenth century to the present Bringing together thirty scholars from various disciplines including history anthropology philosophy literature and art history the volume considers how loneliness was represented in art and literature conceptualised by philosophers and writers and described by people in their personal narratives It considers loneliness as a feeling so often defined in contrast to sociability and affective connections particularly attending to loneliness in relation to the family household and community Acknowledging that loneliness is a relatively novel term in English the book explores its precedents in ideas about solitude melancholy and nostalgia as well as how it might be considered in cross cultural perspectives With wide appeal to students and researchers

in a variety of subjects including the history of emotions social sciences and literature this volume brings a critical historical perspective to an emotion with contemporary significance Chapter of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons CC BY 4.0 license

Medical Education: Past, Present and Future Kenneth Calman, 2006-12-12 Highly Commended BMA Awards 2007 I would certainly recommend this book to all in Medical Education Medical education both for undergraduate and postgraduate students and for those training in their chosen specialty is currently undergoing great change In Medical Education Past Present and Future Handling on Learning Sir Kenneth Calman puts this change in its proper historical context and also examines the current upheavals and their implications for the future An ambitious but timely project made readable and specific by the use of a case based approach a book of this range and type has not been attempted since the early 20th century Written by a known expert in the field and therefore individualistic but with a real insider's attributes of being able to discriminate between what does and does not matter the insider viewpoint especially of someone so recently involved at the centre of political and educational debate The overall theme of regulation covers not just the professionals viewpoint but also the public's and therefore covers political influences on the educational and regulatory process

Managing Natural Science Collections Robert Huxley, Christiane Quaisser, Carol R Butler, René WRJ Dekker, 2020-07-15 Managing Natural Science Collections demonstrates the need for consistency and evidence based decision making in the management of natural science collections which are becoming increasingly valuable when it comes to addressing societal challenges Drawing upon the experience of four experts who have managed some of the largest and most diverse collections in the world the book aims to assist in the making of strategic and operational decisions regarding care development access and resource management Encouraging the reader to consider how collection strategies can be aligned with the mission of their institution and contribute to its vision the authors also examine ways to deliver a consistent approach that will secure the present and future availability and relevance of collections Principles of good practice and resource optimisation in an ethical and legal context are provided throughout the book as well as case studies sample documents and templates all of which will be useful for discussion and teaching Managing Natural Science Collections encourages each reader to consider the different options available to them As such it should be essential reading for museum practitioners and other professionals around the world who are involved with any strategic aspect of managing natural science collections Students of museum studies will also find much to interest them within the pages of this book

The Top Books of the Year Sir Hans Sloane The Great Collector The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have enthralled audiences this year. Sir Hans Sloane The Great Collector : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Sir Hans Sloane The Great Collector : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Sir Hans Sloane The Great Collector : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
