Canada Finlay argues was community without uniformity The Force of Culture shows that Massey was in certain respects a democratizer and even a populist who believed that difference need not divide Electronic Format Disclaimer Images removed at the request of the rights holder

Long Eclipse Catherine Gidney,2004-11-09 Taking a social and cultural history approach Gidney argues that for much of the twentieth century a liberal Protestant establishment imparted its own particular vision of moral and intellectual purpose to denominational and non denominational campuses alike Examining administrators pronouncements the moral regulation of campus life and student religious clubs she demonstrates that Protestant ideals and values were successfully challenged only in the post World War II period when a number of factors including a loosening of social mores a more religiously diverse student body and the ascent of the multiversity finally eroded Protestant hegemony Only in the late 1960s however can one begin to speak of a university whose public voice was predominantly secular and where the voice of liberal Protestantism had been reduced to one among many

Organized Patriotism and the Crucible of War Matthew C. Hendley, 2012-02-27 Patriotic organizations in prewar Britain are often blamed for the public s enthusiastic response to the outbreak of World War One The wartime experience of these same organizations is insufficiently understood In *Organized Patriotism and the Crucible of War* Matthew Hendley examines how the stresses and strains of the Great War radically reshaped popular patriotism and imperialism in Britain after 1918 Using insights from gender history and recent accounts of associational life in early twentieth century Britain Hendley compares the wartime and postwar histories of three major patriotic organizations founded between 1901 and 1902 the National Service League the League of the Empire and the Victoria League He shows how the National Service League strongly masculinist and supportive of militaristic aims floundered in wartime Conversely the League of the Empire and the Victoria League with strong female memberships goals related to education and hospitality and a language emphasizing metaphors of family home and kinship prospered in wartime and beyond into the 1920s *Organized Patriotism and the Crucible of War* is a richly detailed study of women s roles in Britain during the height of popular imperialism as well as a major contribution to our understanding of the continuities in Britain before and after the First World War

insulin involvement in the two world wars the student protests of the 1960s and the successful renewal of the 1980s and 1990s Friedland draws on archival records private diaries oral interviews and a vast body of secondary literature He draws also on his own experience of the University as a student in the 1950s and later as a faculty member and dean of law who played a part in some of the critical developments he unfolds The history of the University of Toronto as recounted by Friedland is intimately connected with events outside the University The transition in Canadian society for example from early dependence on Great Britain and fear of the United States to the present dominance of American culture and ideas is mirrored in the University There too can be seen the effects of the two world wars the cold war and the Vietnam war As Canadian society and culture have developed and changed so too has the University The history of the University in a sense is the history of Canada
