Sita's Daughters:

Sita's Daughters Leigh Minturn, 1993 *Sita's Daughters* vividly recounts the dramatic changes in role and status experienced by Rajput caste women in the Indian village Khalapur between 1955 and 1975. In the 20 years between her now classic original field study and her follow up with the same families Leigh Minturn witnessed a significant decline in the women's observance of a complex system of customs collectively called purdah which includes the wearing of veils, silence in the presence of senior men and women, the adoption of subservient postures when speaking to men and the separation of husbands and wives. Her interviews with mothers and daughters in law reveal how changes in purdah customs and religious traditions have allowed them increased access to education and health facilities, control of finances and autonomy inside and mobility outside of their husbands' households. This work is unprecedented in its depth, scope and exposition of the intimate details of the lives of Indian women. Minturn's return to her original subjects allowed her to observe firsthand the changes that had transpired during the interim, resulting in the only Indian village field study to span two generations. Having won the trust and confidence of her subjects, the author poignantly conveys their individuality along with their stories of heroism, loyalty, infidelity, rape, incest, theft and even murder. With even handedness and detailed scholarship, Minturn makes use of methods such as systematic sampling and structured interviewing that are effective in capturing the richness of Indian village life, though they are uncommon in anthropological studies. The wide range of issues addressed here will be of interest to students and researchers in women's studies, South Asian studies, anthropology and cross cultural psychology, as well as to interested laypersons.

Sita comes to Earth to join Sri Ram in setting the foundation for a new civilization at a time when humans are becoming separate from the natural world. She seeks to embed a great love for the forests and rivers, plant and animal life in the hearts and minds of the people, and to share the high spiritual accomplishments of the great women, rishis, and sages, many of whom you meet along Sita's journey. Story of Sita Nabeena Srikanth, 14-07-17

Was Ravana really a demon? Was Rama the perfect hero? History is always written by the winner, who is a male. What kind of hardships were endured by his closest kin to make him one? His wife Sita was the most affected by his needs. Sita is the epitome of womanhood. She is an emotional pillar to her father in childhood and her husband after marriage. She is an ambassador of the values of Ayodhya during her captivity and is rewarded with rejection by her husband for all her struggles. This is the story of her emotional development from a love-struck teenager to an empty-nested single mother. She is greatly revered even today in the island nation of Sri Lanka. In the far northern reaches of Bihar and in Nepal, daughters are never named Sita for fear of their struggling like her through life.

Unsettled Frontiers Sango Mahanty, 2022-02-15

Unsettled Frontiers provides a fresh view of how resource frontiers evolve over time. Since the French colonial era, the Cambodia-Vietnam borderlands have witnessed successive waves of market integration, migration, and disruption. The region has been reinvented and depleted as new commodities are exploited and transplanted from vast French rubber plantations to the enforced collectivization of the Khmer Rouge, from intensive timber extraction to contemporary crop booms. The volatility that follows these changes has often proved challenging to govern. Sango Mahanty explores the role of migration, land claiming, and expansive social and material networks in these transitions, which result in an unsettled frontier always in flux.

Tradition and Liberation Catherine A Robinson, 2018-10-24 The text examines the role of the Hindu tradition in the ideology and methodology of the Indian women's movement. By showing how leaders of the movement have restated aspects of the tradition, it provides insight into the ways in which a women's movement can restate a religious tradition. Throughout Indian society, religion has been central to debate about the position of women, and opposition to the women's movement has often been rationalised in terms of religion. Through a review of the speeches and writings of leading figures of the movement from the nineteenth and twentieth centuries, it identifies positive as well as negative representations of the tradition and its implications for women. It shows when and why the movement has chosen either to offer a traditional justification for its aims and activities or to eschew such a justification in favour of an alternative rationale.

Between Sex and Power Göran Therborn, 2004 The institution of the family changed hugely during the course of the twentieth century. In this major new work, Göran Therborn provides a global history and sociology of the family as an institution and of politics within the family, focusing on three dimensions of family relations: on the rights and powers of fathers and husbands, on marriage, cohabitation and extra-marital sexuality, and on population policy. Therborn's empirical analysis uses a multi-disciplinary approach to show how the major family systems of the world have been formed and developed. Therborn concludes by assessing what changes the family might see during the next century. This book will be essential reading for anybody with an interest in either the sociology or the history of the family.

Veiled Gurus Colleen Yim, 2008 This work examines the social reality of a Hindu woman's involvement in the transmission of religious knowledge. The two-year ethnographic study traces the steps of Dalit women in an urban village in New Delhi, India, in which Dr Yim explores the mother's role in life-cycle rituals, festivals, vrats, ritual fasts, and daily life. In this study, Yim attempts to bridge the gap between the word of religious texts and the reality of the women's lives. Despite the tradition of religious texts to overlook the role of women as teachers, this study found that women are the

primary agents of religious knowledge transmission The Dalit women in this study convey their erudition through informal education such as observation worship imitation and family responsibilities The implications of this study are not only to validate informal education as an effective means of teaching but to confirm the central role Hindu women have in the transmission of religious knowledge to their children **The Indian Law Reports, Allahabad Series** ,1908 **The Indian High Court Reports** ,1923 **To Be the Daughter of Two Worlds** Gita Bhattacharji,2014-10-23 Ask anyone who knows and loves her Aunt Priya is a feisty little country bumpkin a loud mouthed uncouth character with a heart of gold She loves her only niece Sita and has made it her mission to see that the young woman is suitably married Frustrated by the challenges of a long distance relationship with her niece Aunt Priya makes a bold plan In the summer of 2001 Aunt Priya and her adopted four year old son Rohit arrive in New York Despite her oddball character limited English and peculiar dress sense she is determined to make a difference in her nieces modern and confusing new life She enlists the help of her New York relatives and together they plot scheme and manipulate Sita to get their way But Sita isnt quite as malleable as they hoped A New Yorker through and through Sita is a contradiction a modern Indian woman who both respects and questions her familys traditions As the daughter of a traditional Indian household shes bound by the expectations of her family and culture Aunt Priya decides that Sita should never forget her roots no matter where she lives Sita has her own challenges including a breast cancer diagnosis and the serious injury of a loved one in the World Trade Center disaster And now her family wants to force her into an arranged marriage shes not really ready for Can she find a way to find her own true love without disappointing her family **The ^AOxford Handbook of Language Policy and Planning** James W.
