Changing by Design Deone Zell, 2018-05-31 How do corporations achieve change In the first analytic book about Hewlett Packard Deone Zell also offers an ethnography of corporate redesign documenting Hewlett Packard s radical reorganization of both a manufacturing and a research division Because she writes from within the process as it unfolds Zell is able to demonstrate how the inclusion of employees in every step of redesign can inspire the knowledge and commitment to transform an organization Hewlett Packard is among a growing number of companies in the United States exploring what is called sociotechnical systems STS redesign As competitive pressures have grown interest in STS has increased because it has the potential to catalyze comprehensive

organizational change and avoid the pitfalls of a piecemeal or small scale approach STS works from the ground up involving front line employees in analysis and redesign of the entire organization and in explicit examination of an organization's culture In Hewlett Packard's California Personal Computer Division production operators worked alongside managers to redesign their printed circuit assembly line into self managing teams of employees In the Santa Clara Division a very different workforce of engineers initially unwilling to standardize their creativity had to develop commercial applications and become more responsive to customers in order to survive On the basis of Hewlett Packard's success Zell concludes that with top level support and a high investment of resources at the outset redesign can inspire relatively rapid change especially suitable for organizations in fast paced environments As one H P manager commented Empowerment is no longer a nice thing to do It is now a business imperative
