Given the welcomed shift throughout the academy away from essentialist and biologically fixed understandings of race and the body it is a curiosity worth exploring that so many sophisticated and even radical narratives retain physical and behavioral heredity as a guiding trope The persistence of this concept in Caribbean literature informs not only discourses on race ethnicity and sexuality but also conceptions of personal and regional identity in a postcolonial societies once dominated by slavery and the plantation In this book Rudyard Alcocer offers a theory of Caribbean narrative accounting for the complex interactions between scientific and literary discourses while expanding the horizons of narrative studies in general Covering works from Jean Rhys's *Wide Sargasso Sea* through contemporary fiction from the Hispanic Caribbean *Narrative Mutations* analyzes the processes and concepts associated with heredity in exploring what it means to be Caribbean *Spectacles of Reform* Amy E. Hughes, 2012-12-17 In the nineteenth century long before film and television brought us explosions car chases and narrow escapes it was America's theaters that thrilled audiences with sensation scenes of speeding trains burning buildings and endangered bodies often in melodramas extolling the virtues of temperance abolition and women's suffrage Amy E. Hughes scrutinizes these peculiar intersections of spectacle and reform revealing the crucial role that spectacle has played in American activism and how it has remained central to the dramaturgy of reform Hughes traces the cultural history of three famous sensation scenes the drunkard with the delirium tremens the fugitive slave escaping over a river and the victim tied to the railroad tracks assessing how these scenes conveyed allayed and denied concerns about the rights and responsibilities of citizenship These images also appeared in printed propaganda suggesting that the coup d'état was an essential part of American reform culture Additionally Hughes argues that today's producers and advertisers continue to exploit the affective dynamism of spectacle reaching an even broader audience through film television and the Internet To be attuned to the dynamics of spectacle Hughes argues is to understand how we see Her book will interest not only theater historians but also scholars and students of political literary and visual culture who are curious about how U.S. citizens saw themselves and their world during a pivotal period in American history Gender and Race in Antebellum Popular Culture Sarah N. Roth, 2014-07-21 In the decades leading to the Civil War popular conceptions of African American men shifted dramatically The savage slave featured in 1830s novels and stories gave way by the 1850s to the less threatening humble black martyr This radical reshaping of black masculinity in American culture occurred at the same time that the reading and writing of popular narratives were emerging as largely feminine enterprises In a society where women wielded little official power white female authors exalted white femininity using narrative forms such as autobiographies novels short stories visual images and plays by stressing differences that made white women appear superior to male slaves This book argues that white women as creators and consumers of popular culture media played a pivotal role in the demasculinization of black

men during the antebellum period and consequently had a vital impact on the political landscape of antebellum and Civil War era America through their powerful influence on popular culture *Dancing on the Color Line* Gretchen Martin, 2015-12-09

The extensive influence of the creative traditions derived from slave culture particularly black folklore in the work of nineteenth and twentieth century black authors such as Ralph Ellison and Toni Morrison has become a hallmark of African American scholarship Yet similar inquiries regarding white authors adopting black aesthetic techniques have been largely overlooked Gretchen Martin examines representative nineteenth century works to explore the influence of black authored or narrated works on well known white authored texts particularly the impact of black oral culture evident by subversive trickster figures in John Pendleton Kennedy's *Swallow Barn* Harriet Beecher Stowe's *Uncle Tom's Cabin* Herman Melville's *Benito Cereno* Joel Chandler Harris's short stories as well as Mark Twain's *Adventures of Huckleberry Finn* and Pudd'nhead Wilson As Martin indicates such white authors show themselves to be savvy observers of the many trickster traditions and indeed a wide range of texts suggest stylistic and aesthetic influences representative of the artistry subversive wisdom and subtle humor in these black figures of ridicule resistance and repudiation The black characters created by these white authors are often dismissed as little more than limited demeaning stereotypes of the minstrel tradition yet by teasing out important distinctions between the wisdom and humor signified by trickery rather than minstrelsy Martin probes an overlooked aspect of the nineteenth century American literary canon and reveals the extensive influence of black aesthetics on some of the most highly regarded work by white American authors *Romances of the White Man's Burden* Jeremy Wells, 2011-05-06

The Plantation South as America **Dismal Freedom** J. Brent Morris, 2022-03-28 The foreboding Great Dismal Swamp sprawls over 2 000 square miles and spills over parts of Virginia and North Carolina From the early seventeenth century the nearly impassable Dismal frustrated settlement however what may have impeded the expansion of slave society became an essential sanctuary for many of those who sought to escape it In the depths of the Dismal thousands of maroons people who had emancipated themselves from enslavement and settled beyond the reach of enslavers established new lives of freedom in a landscape deemed worthless and inaccessible by whites *Dismal Freedom* unearths the stories of these maroons their lives and their struggles for liberation Drawing from newly discovered primary sources and archeological evidence that suggests far more extensive maroon settlement than historians have previously imagined award winning author J Brent Morris uncovers one of the most exciting yet neglected stories of American history This is the story of resilient proud and determined people who made the Great Dismal Swamp their free home and sanctuary and who played an outsized role in undermining slavery through the Civil War *African Americans and the Mississippi River* Dorothy Zeisler-Vralsted, 2022-09-30

This book follows the historical trajectory of African Americans and their relationship with the Mississippi River dating back to the 1700s and ending with Hurricane Katrina and the still contested Delta landscape Long touted in literary and historical works the Mississippi River remains an iconic presence in the American landscape Whether

referred to as Old Man River or the Big Muddy the Mississippi River represents imageries ranging from the pastoral and Acadian to turbulent and unpredictable However these imageries revealed through the cultural production of artists writers poets musicians and even filmmakers did not reflect the experiences of everyone living and working along the river Missing is a broader discourse of the African American community and the Mississippi River Through the experiences of African Americans with the Mississippi River which included narratives of labor free and enslaved refuge floods and migration a different history of the river and its environs emerges The book brings multiple perspectives together to explore this rich history of the Mississippi River through the intersection of race and class with the environment The text will be of great interest to students and researchers in environmental humanities including environmental justice studies ethnic studies and US and African American history

Beyond Emancipation Sean Gerrity, 2025-06-01 Explores how African American literary representations of maroons in the decade leading up to the Civil War complicate conventional narratives and geographies of slavery and freedom in the United States *Beyond Emancipation* revisits classic works of nineteenth century American literature especially by Black writers to uncover a hidden history of maroons enslaved people who ran away but remained hidden in the South Sean Gerrity argues that literary depictions of small acts of marronage reveal an expanded sense of what freedom might look like and where and when it might occur While taking care not to romanticize historical realities Gerrity vividly shows how works by Frederick Douglass Harriet Jacobs and Martin Delany gesture toward possibilities for Black freedom making beyond legal emancipation liberalism and the white abolitionist literary tradition passed down from Harriet Beecher Stowe While *Beyond Emancipation* focuses on texts produced during the brief period between the Fugitive Slave Act of 1850 and the Civil War the book s range of reference and

implications are broad unsettling still dominant ideas and engaging pressing questions in literary criticism history geography and Black studies

Cavaliers and Economists Katharine A. Burnett, 2019-05-15 Offering a compelling intervention in studies of antebellum writing Katharine A. Burnett's *Cavaliers and Economists: Global Capitalism and the Development of Southern Literature 1820-1860* examines how popular modes of literary production in the South emerged in tandem with the region's economic modernization. In a series of deeply historicized readings Burnett positions southern literary form and genre as existing in dialogue with the plantation economy's evolving position in the transatlantic market before the Civil War. The antebellum southern economy comprised part of a global network of international commerce driven by a version of laissez faire liberal capitalism that championed unrestricted trade and individual freedom to pursue profit. Yet the economy of the U.S. South consisted of large scale plantations that used slave labor to cultivate staple crops including cotton. Each individual plantation functioned as a racially and socially repressive community a space that seemingly stood apart from the international economic networks that fueled southern capitalism. For writers from the South fiction became a way to imagine the region as socially and culturally progressive while still retaining hallmarks of traditional southern culture namely plantation slavery in the context of a rapidly changing global economy. Burnett excavates an elaborate network of transatlantic literary exchange operating concurrently with the region's economic expansion in which southern writers adopted popular British genres such as the historical romance and the seduction novel as models for their own representations of the U.S. South. Each chapter focuses on a different genre pairing largely under studied southern texts with well known British works. Ranging from the humorous sketch to the imperial adventure tale and the social problem novel *Cavaliers and Economists* reveals how southern writers like Augusta Jane Evans Johnson Jones Hooper Maria McIntosh William Gilmore Simms and George Tucker reworked familiar literary forms to reinvent the South through fiction. By considering the intersection of economic history and literary genre *Cavaliers and Economists* provides an expansive study of the means by which authors created southern literature in relation to global free market capitalism showing that in the process they renegotiated and rejustified the institution of slavery.

Maroons and the Marooned Richard Bodek, Joseph Kelly, 2020-04-20 Contributions by Richard Bodek Claire P. Curtis Joseph Kelly Simon Lewis Steve Mentz J. Brent Morris Peter Sands Edward Shore and James O. Neil Spady. Commonly the word maroon refers to someone cast away on an island. One becomes marooned usually through a storm at sea or by a captain as a method of punishment. But the term originally denoted escaped slaves. Though being marooned came to be associated mostly with white European castaways the etymology invites comparison between true maroons escaped slaves establishing new lives in the wilderness and people who were marooned through maritime disaster. This volume brings together literary scholars with historians encompassing both literal maroons such as in Brazil and South Carolina as well as metaphoric scenarios in time travel novels and postapocalyptic narratives. Included are examples from *The Tempest* Margaret Atwood's *MaddAddam* trilogy *A Connecticut Yankee in King Arthur's*

Court and Octavia Butler's *Kindred* Both runaways and castaways formed new societies in the wilderness But true maroons escaped slaves were not cast away they chose to fly towards the uncertainties of the wild in pursuit of freedom In effect this volume gives these maroons proper credit at the very heart of American history *Geographies of Flight* William Merrill Decker, 2020-09-15 African American writing commonly represents New World topography as a set of entrapments contesting the open horizons westward expansion and individual freedom characteristic of the white Eurocentric literary tradition *Geographies of Flight* Phillis Wheatley to Octavia Butler provides the first comprehensive treatment of the ways in which African American authors across three centuries have confronted the predicament of inhabiting space under conditions of bondage and structural oppression William Merrill Decker examines how in testifying to those conditions fourteen black authors have sought to transform a national cartography that well into the twenty first century reflects white supremacist assumptions These writers question the spatial dimensions of a mythic American liberty and develop countergeographies in which descendants of the African diaspora lay claim to the America they have materially and culturally created Tracking the testimonial voice in a range of literary genres *Geographies of Flight* explores themes of placement and mobility in the work of Phillis Wheatley Olaudah Equiano David Walker Frederick Douglass Harriet Jacobs Booker T Washington Ida B Wells Barnett W E B Du Bois Richard Wright Ralph Ellison Malcolm X James Baldwin Toni Morrison and Octavia Butler **The End of the Mind** DeSales Harrison, 2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company **A History of the Literature of the U.S. South: Volume 1** Harilaos Stecopoulos, Harry Stecopoulos, 2021-05-20 Drawing on diverse theories and methods this collective volume emphasizes the multi ethnic and transnational aspects of southern literature over a four hundred year period
