Small Civil War:

Living a Big War in a Small Place Philip N. Racine, 2013-11-15 A history of life in one South Carolina city during the American Civil War featuring personal stories from those who were there Most of what we know about how the Civil War affected life in the Confederacy is related to cities troop movements battles and prominent political economic or military leaders Far less is known about the people who lived in small Southern towns remote from marching armies or battles Philip N Racine explores life in one such place Spartanburg South Carolina in an effort to reshape the contours of that great conflict By 1864 life in most of the Confederacy but especially in rural towns was characterized by scarcity high prices uncertainty fear and bad tempered neighbors Shortages of food were common People lived with constant anxiety that a soldiering father or son would be killed or wounded Taxes were high inflation was rampant good news was scarce and seemed to always be followed by bad The slave population was growing restive as their masters bad news was their good news Army deserters were threatening lawlessness accusations and vindictiveness colored the atmosphere and added to the anxiety fear and feeling of helplessness Often people blamed their troubles on the Confederate government in faraway Richmond Virginia Racine provides insight into these events through personal stories the plight of a slave the struggles of a war widow managing her husband s farm ten slaves and seven children and the trauma of a lowcountry refugee s having to forfeit a wealthy aristocratic way of life and being thrust into relative poverty and an alien social world All were part of the complexity of wartime Spartanburg District A well written account that not only captures the plight of both the black and white population but also offers some amazing cameos especially the life of Emily Lyle Harris who struggled to keep her large family in tact while her husband went off to war This is a lively read and a perfect book to assign for classes covering the Carolina Upstate during the American Civil War Edmund L Drago professor of history The College of Charleston and author of *Confederate Phoenix Rebel Children and Their Families in South Carolina* *Living a Big War* offers a fascinating unflinching look at the toll the Civil War took on Spartanburg clearly showing divisions that emerged and deftly employing stories of slaves women and other individuals to reveal the experiences of people on the home front Gaines M Foster dean College of Humanities and Social Sciences Louisiana State University and author of *Ghosts of the Confederacy Defeat the Lost Cause and the Emergence of the New South 1865 1913* *A Small Civil War* John Neufeld, 1982 A young girl wages a campaign to stop a book from being banned in a small town in Iowa **Arming the Union** Carl L. Davis, 1973 *The State of Jones* Sally Jenkins, John Stauffer, 2010-05-04 Covering the same ground as the major motion picture *The Free State of Jones* starring Matthew McConaughey this is the extraordinary true story of the anti slavery Southern farmer who brought together poor whites army deserters and runaway slaves to fight the Confederacy in deepest Mississippi Moving and powerful The Washington Post In 1863 after surviving the devastating Battle of Corinth Newton Knight a poor farmer from Mississippi deserted the Confederate Army and began a guerrilla battle against it A pro Union sympathizer in the deep South

who refused to fight a rich man's war for slavery and cotton for two years he and other residents of Jones County engaged in an insurrection that would have repercussions far beyond the scope of the Civil War In this dramatic account of an almost forgotten chapter of American history Sally Jenkins and John Stauffer upend the traditional myth of the Confederacy as a heroic and unified Lost Cause revealing the fractures within the South *Small Civil War-CC* , *Civil War Infantry Tactics* Earl J. Hess,2015-04-13 EARL J HESS is Stewart W McClelland Chair in History at Lincoln Memorial University and the author of fifteen books on the Civil War including Kennesaw Mountain Sherman Johnston and the Atlanta Campaign The Knoxville Campaign Burnside and Longstreet in East Tennessee and The Civil War in the West Victory and Defeat from the Appalachians to the Mississippi *Civil War Guns* William Bennett Edwards,1962 The complete story of Federal and Confederate small arms design manufacture identification procurement issue employment effectiveness and postwar disposal

Six Miles from Charleston, Five Minutes to Hell James A. Morgan,2022-09-06 A comprehensive account of this bitterly fought yet unjustly forgotten early conflict of the Civil War The small curiously named village of Secessionville just outside of Charleston South Carolina was the site of an early war skirmish the consequences of which might have been enormous had the outcome been different But the Confederate victory was quickly overshadowed by the Seven Days battles fought shortly afterward and far to the north The Battle of Secessionville was as bloody and hard fought as any similar sized encounter during the war But it was poorly planned and poorly led by the Union commanders whose behavior did not do justice to the courage of their men In *Six Miles from Charleston Five Minutes to Hell* historian Jim Morgan examines the lead up to the conflict the skirmish itself on June 16 1862 and its aftermath By including several original sources not previously explored he takes a fresh look at this small but potentially game changing fight and shows that it was of much more than merely local interest at the time **Civil War Small Arms of the U.S. Navy and Marine Corps** John Donald McAuley,1999-01-01 A

professional researcher for the US government and authority on Civil War weapons McAuley describes the firearms and edged weapons used by US sailors and marines from 1850 when both services were completing the transition from flint to percussion through the end of the war He discusses procurement the characteristics of the weapons and how and when they were used **The Parasite-Stress Theory of Values and Sociality** Randy Thornhill,Corey L. Fincher,2014-07-17 This book develops and tests an ecological and evolutionary theory of the causes of human values the core beliefs that guide people's cognition and behavior and their variation across time and space around the world We call this theory the parasite stress theory of values or the parasite stress theory of sociality The evidence we present in our book indicates that both a wide span of human affairs and major aspects of human cultural diversity can be understood in light of variable parasite infectious disease stress and the range of value systems evoked by variable parasite stress The same evidence supports the hypothesis that people have psychological adaptations that function to adopt values dependent upon local infectious disease adversity The authors have identified key variables variation in infectious disease adversity and in the core values it evokes

for understanding these topics and in novel and encompassing ways Although the human species is the focus in the book evidence presented in the book shows that the parasite stress theory of sociality informs other topics in ecology and evolutionary biology such as variable family organization and speciation processes and biological diversity in general in non human animals
