Robert M. Collins

Small Property Vs Big Government Expanded And Updated Edition:

Government Budgeting and Financial Management in Practice Gerald J. Miller, 2017-09-25 The right turn in U S politics has increased conflict over both ends and means in government budgeting and financial management Overlapping and competing views of the way the world works drive finance officials practice Taking a new look at public financial management that acknowledges the multiple competing realities **Government Budgeting and Financial Management in Practice Logics to Make Sense of Ambiguity** examines transaction cost economics and other small government managed by the market techniques as the latest reincarnation of public budgeting and financial management orthodoxy Gerald J Miller reviews new research on the continuing validity of the political dimension of government finance decisions and the multiple intensely argued constructions of reality the finance official must make sense of Miller discusses major advances in interpretive approaches to budgeting and finance and how they dominate writing in the broader field of public administration He also examines the effects of the explosion of information systems new budget techniques nonconventional ways of spending and new technologies The book uses a question as the motivating force to understand some facets of today s government budgeting finance and financial management where do the critical assumptions come from to drive financial management Miller takes the history of reform developments in the field and the logics finance officials say they use as sources for these assumptions and examines what they reveal about constructions of the government finance world Exploring new avenues of financial management thinking the book discusses ambiguity and interpretations that move the unclear preferences ends and goals toward consensus The author identifies an alternative approach to research that explains important facets of financial management This approach is drawn directly from practice events and problems in public organizations and from the creedal bent of many political actors in competition

Single Payer Healthcare Reform Lindy S.F. Hern, 2020-06-10 The recent rise of Medicare for All in American political discourse was many years in the making Behind this rise is a movement composed of grassroots activists and organizations that have been working for more than three decades to achieve the goal of establishing a single payer healthcare system in the United States In the past decade the Single Payer Movement has grown and garnered more public and political support than ever before This relative success cannot be attributed to any one political figure or political era The story of how this happened and how it is tied to a turn against establishment politics on both the left and right as well as the rise of outsider politicians such as Senator Bernie Sanders takes place during the Clinton G W Bush Obama and Trump administrations During each of these eras activists experienced shifting opportunities that they interpreted through the telling of stories These narratives of opportunity encouraged participation in particular forms of grassroots mobilization which then affected the outcome of each era This has had lasting effects on the development of healthcare policy in the United States In this book Hern conducts a political ethnographic analysis in which she uses historical records interviews and participant observation to tell the story of the

Single Payer Movement establish the lessons that can be learned from this history and develop a framework the Environment of Opportunity Model that involves a holistic understanding of social movement activity through the analysis of narrative practice

Steep Lawrence Rosenthal, Christine Trost, 2012-08-14 Includes bibliographical references and index *Little Bosses Everywhere* Bridget Read, 2025-05-06 A gripping The Washington Post work of history and reportage that unveils the stranger than fiction world of multilevel marketing a massive money making scam and radical political conspiracy that has remade American society Reads like a thriller masterfully illuminates the tricks and sleights of hand that in multilevel marketing are simply the rules of doing business The New York Times Book Review Editors Choice Companies like Amway Mary Kay and Herbalife advertise the world s greatest opportunity the chance to be your own boss via an enigmatic business model called multilevel marketing or MLM They offer a world of pink Cadillacs white columned mansions tropical vacations and most precious of all financial freedom If that is you re willing to shell out for expensive products and recruit everyone you know to buy them and if they recruit everyone they know too thus creating the multiple levels of MLM Overwhelming evidence suggests that most people lose money in multilevel marketing and that many MLM companies are pyramid schemes Yet the industry s origins tied to right wing ideologues like Ronald Reagan have escaped public scrutiny MLM has slithered in the wake of every economic crisis of the last century from the Depression to the pandemic ensnaring laid off workers stay at home moms and teachers anyone who has been left behind by rising inequality In *Little Bosses Everywhere* journalist Bridget Read tells the gripping story of multilevel marketing in full for the first time winding from sunny postwar California where a failed salesman started a vitamin business through the devoutly religious suburbs of Michigan where the industry built its political influence to stadium size conventions where today s top sellers preach to die hard recruits MLM has enriched powerful people like the DeVos and Van Andel families Warren Buffett and President Donald Trump all while eroding public institutions and the social safety net then profiting from the chaos Along the way Read delves into the stories of those devastated by the majority female industry a veteran in Florida searching for healing a young mom in Texas struggling to feed her children a waitress scraping by in Brooklyn A wild trip down an endless rabbit hole of greed and exploitation *Little Bosses Everywhere* exposes multilevel marketing as American capitalism s stealthiest PR campaign a cunning grift that has shaped nearly everything about how we live and whose ultimate target is democracy itself

Social Policy and the Conservative Agenda Clarence Y. H. Lo, Michael Schwartz, 1998-03-06 A comprehensive collection of original essays by leading experts on social and economic policy including Frances Fox Piven Harvey Molotch Jill Quadagno James Petras and Judith Stacey This volume challenges the conservative notion that the fundamental problem plaguing America is dependancy on government and further cuts only lead to a cycle of recision Newly published articles by the leading experts in social and economic policy Explores conservative social policy of the late twentieth century Contains articles on welfare reform health care military spending and economic policy

Counterrevolution Melinda Cooper, 2024-03-26 A thorough

investigation of the current combination of austerity and extravagance that characterizes government spending and central bank monetary policy At the close of the 1970s government treasuries and central banks took a vow of perpetual self restraint To this day fiscal authorities fret over soaring public debt burdens while central bankers wring their hands at the slightest sign of rising wages As the brief reprieve of coronavirus spending made clear no departure from government austerity will be tolerated without a corresponding act of penance Yet we misunderstand the scope of neoliberal public finance if we assume austerity to be its sole setting Beyond the zero sum game of direct claims on state budgets lies a realm of indirect government spending that escapes the naked eye Capital gains are multiply subsidized by a tax system that reserves its greatest rewards for financial asset holders And for all its airs of haughty asceticism the Federal Reserve has become adept at facilitating the inflation of asset values while ruthlessly suppressing wages Neoliberalism is as extravagant as it is austere and this paradox needs to be grasped if we are to challenge its core modus operandi Melinda Cooper examines the major schools of thought that have shaped neoliberal common sense around public finance Focusing in particular on Virginia school public choice theory and supply side economics she shows how these currents produced distinct but ultimately complementary responses to the capitalist crisis of the 1970s With its intellectual roots in the conservative Southern Democratic tradition Virginia school public choice theory espoused an austere doctrine of budget balance The supply side movement by contrast advocated tax cuts without spending restraint and debt issuance without guilt in an apparent repudiation of austerity Yet for all their differences the two schools converged around the need to rein in the redistributive uses of public spending Together they drove a counterrevolution in public finance that deepened the divide between rich and poor and revived the fortunes of dynastic wealth Far reaching as the neoliberal counterrevolution has been Cooper still identifies a counterfactual history of unrealized possibilities in the capitalist crisis of the 1970s She concludes by inviting us to rethink the concept of revolution and raises the question Is another politics of extravagance possible [More](#)

Robert M. Collins, 2002-04-04 James Carville famously reminded Bill Clinton throughout 1992 that it s the economy stupid Yet for the last forty years historians of modern America have ignored the economy to focus on cultural social and political themes from the birth of modern feminism to the fall of the Berlin Wall Now a scholar has stepped forward to place the economy back in its rightful place at the center of his historical narrative In *More* Robert M Collins reexamines the history of the United States from Franklin Delano Roosevelt to Bill Clinton focusing on the federal government s determined pursuit of economic growth After tracing the emergence of growth as a priority during FDR s presidency Collins explores the record of successive administrations highlighting both their success in fostering growth and its partisan uses Collins reveals that the obsession with growth appears not only as a matter of policy but as an expression of Cold War ideology both a means to pay for the arms build up and proof of the superiority of the United States market economy But under Johnson this enthusiasm sparked a crisis spending on Vietnam unleashed runaway inflation while the nation struggled with the moral consequences of

its prosperity reflected in books such as John Kenneth Galbraith's *The Affluent Society* and Rachel Carson's *Silent Spring*. More continues up to the end of the 1990s as Collins explains the real impact of Reagan's policies and astutely assesses Clinton's disciplined growthmanship which combined deficit reduction and a relaxed but watchful monetary policy by the Federal Reserve. Writing with eloquence and analytical clarity Robert M Collins offers a startlingly new framework for understanding the history of postwar America. **Studies & Papers**, 1984. *Congressional Record* United States. Congress, 1999. The *Congressional Record* is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The *Congressional Record* began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States 1789-1824*, the *Register of Debates in Congress 1824-1837* and the *Congressional Globe 1833-1873*. *Hearings Before the Committee on Agriculture, House of Representatives, Eighty-fifth Congress* United States. Congress. House. Committee on Agriculture, 1957.

Unveiling the Energy of Verbal Beauty: An Emotional Sojourn through **Small Property Vs Big Government Expanded And Updated Edition**

In some sort of inundated with screens and the cacophony of fast interaction, the profound energy and emotional resonance of verbal art usually fade in to obscurity, eclipsed by the regular assault of noise and distractions. However, located within the lyrical pages of **Small Property Vs Big Government Expanded And Updated Edition**, a fascinating work of literary splendor that pulses with natural feelings, lies an memorable journey waiting to be embarked upon. Published with a virtuoso wordsmith, that interesting opus books viewers on an emotional odyssey, softly revealing the latent potential and profound affect stuck within the elaborate internet of language. Within the heart-wrenching expanse with this evocative evaluation, we can embark upon an introspective exploration of the book is key themes, dissect their captivating writing model, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
